Your Birthday

WEDNESDAY, NOVEMBER 4, 2026

By Eugenia Last

Happy Birthday: Pace yourself, look at the possibilities and concentrate on what's doable. Wasting time on projects, people and situations you have no control over is futile. Set your sights on getting the most out of each day and performing at a level that supersedes anyone who chooses to compete with you. If you do your best and look your best, the returns will surpass your expectations.

SCORPIO (Oct. 24-Nov. 22) — Set boundaries, and say no to extravagance. Push back if someone pressures you. A change in how you spend, invest and deal with red-tape issues will determine how others treat you and what you can achieve.

SAGITTARIUS (Nov. 23-Dec. 21) — Stop, make yourself aware of what's happening around you and recognize what's doable. It's time to let go of what's not as important to you and to concentrate on what makes you feel good about yourself.

CAPRICORN (Dec. 22-Jan. 19) — Push forward with gratitude and a healthy and happy attitude. Refuse to let what others choose to do become your responsibility. Offer suggestions, not hands-on help.

AQUARIUS (Jan. 20-Feb. 19) — Personal change is required if you want to get ahead. Career moves, reinventing yourself and redefining what you can offer will help you establish a direction that can subsidize your income.

PISCES (Feb. 20-March 20) — Face your fears and emotions head-on, and initiate whatever is necessary to rid yourself of setbacks, torment and loss. Recognize what you have and how you can use your attributes and connections to get ahead.

ARIES (March 21-April 19) — Do what you can to make a difference. Your input will push you in a direction that changes how you make or use your money. Doors will open, interviews will go well and opportunities will change your life.

TAURUS (April 20-May 20) — Be open and honest. If you are stubborn, exaggerate or are tempted by overindulgence, you will fall short of your expectations. Question your motives, and do your best to avoid those who are bad influences.

GEMINI (May 21-June 20) — Broaden your horizons through educational pursuits, helping those less fortunate or exploring how you can turn something you enjoy doing into additional income.

CANCER (June 21-July 22) — Don't believe everything you hear. Ask questions, and test the validity of what others have to offer. Take better care of yourself, your money and your meaningful relationships.

LEO (July 23-Aug. 22) — Make convenience and comfort your goals. Focus on tightening your budget, reducing your overhead and canceling subscriptions and other monthly costs you can do without.

VIRGO (Aug. 23-Sept. 22) — Take care of unfinished business, and make room for lifestyle changes. Letting go of what's holding you back will be uplifting and free up the energy necessary to engage in new beginnings.

LIBRA (Sept. 23-Oct. 23) — Put your heart and soul into what matters to you most. Reaching out to those you love will change how you feel and what you choose to do next. A lifestyle change will encourage you to update your appearance

THE OTHER SIDE OF THE TRICK-ONE COIN

Charles Caleb Colton was an eccentric English cleric and author who died in 1832. He said, "Nothing more completely baffles one who is full of trick and duplicity than straightforward and simple integrity in another."

This week, we are trying not to be baffled by trick one. In this deal, the North-South hands, the contract (three no-trump) and the lead (the spade six) are the same as yesterday's. What should declarer do?

South starts with eight top tricks: one spade (given the lead), three hearts, two diamonds and two clubs. The ninth winner will come from clubs. Is there any danger?

Yes, if a defender gets on lead with the club queen, perhaps East-West will then cash too many spade tricks.

As we saw yesterday, declarer must start by playing dummy's spade king, the honor from the shorter side first. Yesterday, the king held the trick, but not today — East wins with his ace and returns the spade nine. How should South proceed?

If the spades are 4-4, there is no danger, but if West has five or six spades, the contract is at risk. First, declarer must duck the second trick and take the third with his spade queen. Then the job is to try to keep West off the lead, the defender with the spade winners. This means that the club finesse is a red herring. South must cash his two top clubs. Here, the queen drops and the contract is home with an overtrick. But if the club queen does not appear, declarer plays a third round and hopes that East wins the trick.
