Look for opportunities and jump at every chance you get to engage in something that excites you. The people you encounter this year will help shape your future. Trust your instincts, and question what others want you to contribute. Strive for balance and integrity, and you'll discover your bliss.

AQUARIUS (Jan. 20-Feb. 19) — Be open to suggestions but verify information before initiating change. The precautions you take will ease your mind and encourage you to trust your instincts.

PISCES (Feb. 20-March 20) — Take a moment to evaluate every angle of sensitive situations. Partnerships will require special attention and thought to maintain balance. A close friend will shed light on your life.

ARIES (March 21-April 19) — Slow down and make your life less stressful. Don't take on too much or make promises you'll regret. It's time to revise your routine and hit the reset button.

TAURUS (April 20-May 20) — Take a moment to breathe and to chip away at what burdens you most. Be the one to dictate what you will and won't do. Life is about choices, and it's time to do what's best for you.

GEMINI (May 21-June 20) — Stretch your imagination, and you'll come up with a winning situation. Act fast and on your own behalf. The change you initiate now will help you expand your skills, outlook and connections.

CANCER (June 21-July

22) — Discipline and follow-through are everything. Structure your day to ensure you reach your goal. Refuse to let your emotions run the show when practicality is necessary.

LEO (July 23-Aug. 22) — Be aware of what you know and where you fall short. It's never too late to learn something new or to venture down a path that can enrich your life. Communication is the route to resolving unfinished business.

VIRGO (Aug. 23-Sept. 22) — Refuse to let anyone play with your emotions or talk you into something you'll regret.

Consider what's real and what's manufactured by people looking for a handout. Protect your assets.

LIBRA (Sept. 23-Oct. 23) — Interacting with people who stimulate or teach you something new will help you map your way forward. Live and learn as you go, and something magical will manifest.

SCORPIO (Oct. 24-Nov. 22) — Take your time; be the witness, not the instigator. Life is about choices, knowing what's important and following through when the time is right.

SAGITTARIUS (Nov. 23-Dec. 21) — Keep the momentum flowing, your eye on your target and your energy on physical action. Let your mind entertain unique alternatives, and you'll come up with a new and exciting way to use your knowledge.

CAPRICORN (Dec. 22-Jan. 19) — When opportunity knocks, recognize what's available and act. You have plenty to gain if you are willing to adopt lifestyle changes. Rethink your financial position and how you can use your skills.
