ASTROGRAPH

Your Birthday

WEDNESDAY,
 MARCH 11, 2026

By Eugenia Last

Consider what's at stake before you make promises. Use this year to clear up emotional matters hanging over your head. Honesty will lead the way to a better future. It's time to spread your wings and fly with no strings attached. Do it right the first time.

PISCES (Feb. 20-March 20) — What you gain through interacting with people who share your interests will help you save time and money reaching your objective. Don't sell yourself short.

ARIES (March 21-April 19) — A low profile will keep you out of harm's way. Spend more time on your personal needs, learning and preparing for something you want to pursue. Embrace self-improvement projects.

TAURUS (April 20-May 20) — Helping others is admirable, but paying for others' shortcomings is not. Choose your words carefully and offer suggestions, but when push comes to shove, do what's best for you.

GEMINI (May 21-June 20) — Whether you frequent a new destination, try something new or set goals, it will result in self-improvement. Don't let someone's negativity stand between you and what your heart wants.

CANCER (June 21-July 22) — It's what you accomplish that counts. Use your brain instead of your brawn if you want to achieve what you set out to do. Refuse to let your emotions lead you astray.

LEO (July 23-Aug. 22) — Listen to what others have to say, and you'll gain insight into whether you want to participate. Check the facts; someone you encounter will offer misleading information.

VIRGO (Aug. 23-Sept. 22) — Take a moment to digest information and to figure out your options. Don't mix money and emotions. If you can't afford something on your own, you'd best take a pass.

LIBRA (Sept. 23-Oct. 23) — Mixed emotions will confuse you when dealing with relationships. Listen carefully before you reveal information that may incriminate you. Protect your interests, your reputation and essential relationships.

SCORPIO (Oct. 24-Nov. 22) — Overspending or trying to buy favors will backfire. It's how you respond to people that will help you maintain a good reputation. Use common sense.

SAGITTARIUS (Nov. 23-Dec. 21) — If you want to make the most of your day, adopt a healthy lifestyle or start a home-improvement project. Make money management, diet and exercise your goals.

CAPRICORN (Dec. 22-Jan. 19) — Avoid confrontations. Keep your opinions to yourself until further notice. Pour your time and energy into self-improvement projects, social events that offer positive affirmations, and romance.

AQUARIUS (Jan. 20-Feb. 19) — Assess your current direction and consider what you would rather be doing with your time and skills. Innovative ideas will lead to high returns.

ONE LAST VISIT TO THE COUNTING TABLE

Kevin Barry, an Irish author, said, "When you wake up, instead of checking emails on your phone, or counting your retweets, pick up a pen and scratch a few sentences into a notebook."

Or sit at a computer keyboard and type a few articles into a word processor.

Over the last seven columns, I have been stressing counting, primarily by the defenders. Here is one more example, by way of revision because someone once told me that repetition is good in a teaching environment. (I hope he is right.)

South zooms into four hearts. West leads the spade queen. How should the declarer-play and defense go?

Note that three no-trump has no chance. That is usually a tough contract to make when you have two or three aces to

dislodge. The defenders have a lot of time to establish and run their long suit.

In four hearts, South starts with four losers: one in each suit. He has 10 possible tricks: two spades, four hearts, two diamonds and two clubs. However, he will get those two club tricks only if East errs, since declarer has no dummy entry outside clubs.

South's best chance is to win trick one with the spade ace and play a club, hoping the opponent with the ace wins immediately. West, though, should play his eight, starting a high-low with an even number. East should then work out that declarer started with two clubs. (With four, South would not be attacking clubs this quickly; he would surely be drawing trumps.) So East should duck the first club, take the second, and return a spade to kill the contract.
