

THE TELEPHONE

* IT'S ABOUT THE TELEPHONE. ALEXANDER WAS INSPIRED BY HIS MOM. YOU CAN HEAR VOICES THAT COME IN YOUR EAR. *

MAKING THE TELEPHONE

Alexander Graham Bell made the first telephone on June 2, 1875 in a place called MIT meaning Massachusetts institute of technology.

It works with sound and parts of metal. The telephone is made for sound. It is also made for hearing.

People would travel to Grandma's and Grandpa's and cousins and friends to see all of them. So we can see them more but if you don't have a telephone you can't see them more.

Did you know Alexander Graham Bell he was born in Scotland. his father was a famous teacher. Alexander's mother was deaf and in 1871 Alexander moved to Boston.
