Key Biscayne (13)	11/25/2020 10:20			26		MED20001081

Name and Mailing Address of Person to Receive Report

All tests are performed in accordance with NELAC standards. Qualifier codes: (U) = not detected; (B) = results based on colony counts outside the acceptable range; (Z) = TNTC at highest dilution performed; (Q) = sample holding time exceeded.

For enforcement samples, EPA recommends a maximum of 6 hours time lapse from sample collection to analysis of samples in the lab. Samples must be scheduled with the lab in advance to arrive by 3:30PM to allow sufficient time for analysis. Lab procedures conform to EPA recommendations. Results of samples not received within this time frame may not be reliable.
