

The Jackson Hole Community School is a small, independent 6-12 school that emphasizes strong community connections within a rigorous, college-preparatory environment. Our academic program promotes curiosity, persistence, creativity, collaboration, and communication through authentic learning experiences. We value diverse teaching approaches and seek highly qualified educators who are eager to collaborate in advancing our mission.

Full-Time Upper School Mathematics Teacher

We are seeking a teacher who is confident teaching the full range of high school mathematics, from Algebra and Geometry through Calculus, and who can also support student growth in data analysis and statistics. Please visit www.jhcommunityschool.org/about/career-opportunities for a complete job description. To apply for this position, please complete an application and send a letter of interest and your resume to David Grossman, Dean of Teaching and Learning (dgrossman@jhcschool.org)
