Domestic Geographic Name Proposal Form

The U.S. Board on Geographic Names (BGN) is responsible for standardizing the names of geographic features within the 50 States and in other areas under the sovereignty of the United States. The BGN retains the legal authority to promulgate all official names and locations of natural features (e.g. mountains, rivers, valleys), as well as canals, channels, reservoirs, and other select feature types.

This form is to propose a new name or name, spelling, or application change for a geographic feature for Federal use. A proponent should carefully review the proposal prior to submission to ensure that it is consistent with the <u>BGN policies</u>. Please note all fields with a red outline are required prior to submitting this form.
