Experience the SoFHA Difference

State of Franklin Healthcare Associates (SoFHA) is a physician owned, directed and professionally managed multi-specialty primary care group of approximately 260 providers with more than 30 locations in Northeast TN and Southwest VA. Formed in 1998, State of Franklin Healthcare Associates has grown to become one of the largest primary care groups in East Tennessee. Our specialties include internal medicine, family practice, hospitalists, pediatrics, OB/GYN, sleep medicine, rheumatology, radiology and interventional pain management. All SoFHA practices are supported with the latest in diagnostic imaging services, central lab, sleep center, physical therapy, and walk-in clinic. From the beginning, our leaders envisioned a healthcare company that would bring together a group of practices to deliver premium care and ensure patients were treated with respect, dignity and compassion. Quality is at the heart of all we do as we strive to exceed our patients' needs and work collectively to improve every aspect of care.
