CONGRATULATIONS!

WE AT THE JOURNAL RECOGNIZE

that local businesses and business people are the heartbeat of our county. That's why we hold this annual readers' choice awards contest – to provide a platform to honor those the public chooses year over year.

The votes in this year's final round—more than 65,000 of them—have been counted in 240 categories, and we're proud to announce the winners and finalists.

Winners in each category are listed first with a crown. Finalists are listed next in alphabetical order. If there was a tie for a winner or finalist spot in a category, both are listed.

CONGRATULATIONS TO ALL!

Families like yours are why we're the
"Best of Home Health Care."

Thanks to all who voted Hospice of the Panhandle as providing the best home-based care. Our expert, compassionate team puts patients and their families first, helping loved ones stay comfortably at home where they prefer, despite serious illness.

Discover how Hospice of the Panhandle's award-winning hospice and palliative care at home can support your family during some of life's most challenging times.

Facts are not free.

Anyone can spout off on social media. Anyone can post their personal hot take on the issue of the day, free of facts, free of anything but their own opinion and bias.

Real news is different. Real news comes from experienced journalists who put aside their assumptions and talk to people on all sides of an issue.

Real news is hard. When you work for an organization devoted to real journalism, you are challenged daily by your editors. Hot takes don't cut it – you have to do the work. That means talking to experts, mastering the issues, confirming every fact.

Real news rocks the boat. Sometimes, people don't want you looking into what's going on. They hide information. They clam up, they refuse to release documents. They even sue you. Real news organizations fight back.

Real news is not free. If we are going to work together to move our community forward, we need facts – and we need professional journalists to cover the news. That's what we do – and we need your support, now more than ever.
