

## Workforce Innovation and Continuing Education

Advanced Career Training

The 400+ advanced courses offered through LSUE provide a flexible way to learn and prepare for a new career or advance in your current job. Start anytime to learn new skills for in-demand occupations and prepare for **Nationally-Recognized Certifications**. Work at your own pace, get support from a dedicated Student Advisor, and complete in 3 to 6 months or up to a year. Earn a certificate of completion and, when applicable, a voucher to sit for the certification exam. Topics include business, healthcare, technology, industry certifications, and more.

## Arts and Design

Online graphic design and web design programs make it easy for you to learn new skills or transition to a new career.

## Business

Online management training and business skills programs can help you enter a new career field or advance your current skillset. Select programs even prepare you for industry-recognized certifications, such as Lean Six Sigma or PMP.

## Computer Applications

Whether you want to earn Microsoft certifications, learn QuickBooks, or even Photoshop, these online training programs can help you achieve your goals.

## Computer Science

Prepare for a career in software development or web development with online programming courses and programs. Programs include sought after programming languages, like Java, C#, and HTML5.

A smiling man with a beard, wearing a blue jacket and a yellow safety vest, is holding a bag of cement. He is standing in a construction or warehouse setting with shelves of materials in the background.

## Construction and Trades

The convenience of online construction training allows you to learn new concepts and skills at your own pace and in the comfort of your own home.

A pair of black and yellow running shoes with bright yellow laces is shown in the foreground. A clear plastic water bottle is visible to the right. The background is a blurred outdoor scene with people walking.

## Health and Fitness

Whether you're seeking a career in the health sector or want to earn a fitness certification, these online training programs can help you start or advance a rewarding career in helping people lead healthier lives.

A smiling woman with blonde hair, wearing a dark apron, is in a kitchen setting. She is looking down at something on the counter. In the background, a man and a woman are smiling and looking at each other.

## Hospitality

Making a career out of helping others can be incredibly rewarding. Whether you want to be a travel agent, a wedding planner, or even a pastry artist, these online hospitality training programs can help you get started.

A woman with long dark hair is looking down at a laptop in a server room. The room is filled with server racks and blue cables. The lighting is dim, with a blue tint.

## Information Technology

Start your career in IT with foundational understanding of the industry. If you're an advanced professional, prepare for in-demand IT certifications, to advance your career.

A pair of ornate brass scales of justice is shown against a blurred background of warm, golden light. The scales are balanced and have a decorative top.

## Legal

Did you know you can earn your paralegal certificate online? You can also become a Certified Mediator and Arbitrator. Each of these online training programs enables you to prepare for various legal careers.

A desk with a typewriter, a cup of coffee, and papers. The typewriter is black and has a sheet of paper in it. The cup is white and has a latte. The papers are scattered on the desk. The background is dark.

## Writing

Careers in writing are difficult to break into, even if you have a degree in writing studies. These online writing courses will teach you specialty careers and techniques to give you an edge within the industry.
