Thank you for taking the time to submit a formal request for reconsideration regarding the book **Sync** in our library collection. The Salado Public Library takes all patron concerns seriously and appreciates your engagement with our collection policies.

Our Reconsideration Committee convened on January 7th to thoroughly review your request. The committee consists of community members who carefully evaluated the material using our established selection criteria, which include educational value, age-appropriateness, and literary merit.

After careful deliberation and review of the book's content, purpose, and placement within our collection, the committee has determined that **Sync** will remain available in the Young Adult section of the library. The committee found that the book is appropriate for that section of the library.

We understand that not all materials in our collection will align with every patron's personal preference or value. The Salado Public Library strives to maintain a diverse collection that serves the varied informational and recreational needs of our entire community. Our collection development policy ensures that materials are selected based on professional library standards and community needs rather than personal viewpoints.

We value your continued patronage and your commitment to ensuring our library serves the community effectively.

Thank you again for your participation in our democratic process of collection review.

Sincerely,

Julie Hoy

Assistant Director, Salado Public Library

Hi Julie,

Thank you for letting me know. I'd like to appeal the decision. Can you please provide the appeal process and form?

Thank you!
