Subject: Official resignation
To: <moon.dmfarms@gmail.com>

Dear Fellow WCID No. 2 Board Members,

Please accept this letter as my formal resignation from my positions as Director and Board President of the WCID No. 2 Board, effective immediately.

Due to ongoing family circumstances and the significant time and attention required to care for my family by having to taking another leave of absence during this difficult period, I am unable to devote the required time necessary to properly fulfill the responsibilities of my elected positions. I believe it would not be in the best interest of the community or the constituents who entrusted me with their vote for me to remain on the Board while I am unable to serve effectively.

This decision has not been made lightly. Between family funerals, estate matters, and caring for loved ones facing serious medical issues, my priorities must remain with my family at this time.

It has been an honor to serve the residents of WCID No. 2, and I sincerely appreciate the trust and confidence the community has placed in me. I wish the Board continued success as you serve our community.

Respectfully,

Clayton Parker

There will be a hard letter dropped in the slot at the office.

I have emailed the wcid email.

I am sending this to the emails I have for the people on the board.
