Caption 10 words which reasonably identifies the subject of the measure,			
Three-year local tax option for park operations and maintenance.			
Question 20 words which plainly phrases the chief purpose of the measure,			
Should the district levy \$.1769 per \$1,000 for three years beginning FY2025-2026 for operations/ maintenance of park and community center? This measure may cause property taxes to increase more than three percent.			
Summary 175 words which concisely and impartially summarizes the measure and its major effect.			
The measure would authorize the district to levy funds for park and community center services and amenities at a rate of \$.1769/\$1,000 of assessed property value for three-years beginning 7/1/25. If approved, the levy would raise a projected \$57,376.00 in FY 2025-2026 and \$172,128.00 over three-years. The district provides/maintains facilities in Big Springs Park and Bonanza Community Center. Approval of the levy would meet current requirements for the general public and the vulnerable populations in the community such as those with disabilities and low-income individuals. If approved, the proposed levy would pay the following: Meet operation requirements assuring equipment, materials & services provide adequate public service for the community. Maintains staff to ensure sufficient personnel to operate park and community center services. Maintains local funds for matching federal and state grants. Assures maintenance of district facilities and timely replacement and upgrades of equipment, shelters, buildings, signs, technology, tables, and irrigation systems. Maintains local funds for the increase in costs of materials and supplies, as the district's permanent tax rate is not sufficient to sustain operations. The estimated tax cost for this measure is an ESTIMATE ONLY based on the best information available from the county assessor at the time of estimate and may reflect the impact of early payment discounts, compression and the collection rate.
