INTRODUCTIONS

COMMUNITY LISTENING SESSION

Bringing Chemotherapy Services to Curry County

Together, let's make a difference!

AGENDA

- Why and How?
- Brief overview of building construction & chemotherapy service plans
- Dialogue to understand your experiences at other facilities
- Your feedback will help us shape a space and service that's efficient, caring, comforting, and comfortable

WHY AND HOW?

Why?

- Cancer mortality rate in our county is 11.8% higher than state average, and 12.3% higher than the national average.
- 2021 CHNA showed 38.3% of those responding believe transportation is a barrier to accessing health care.
- Isolated region and single connecting N-S highway blocks access during road closures.
- Patients need to travel up to 7 hours round-trip to receive treatment.
- Improve patient outcomes & lessen burden on patients.

Master Space Planning

- Board of Directors developed a 10-year plan
- Chemotherapy Services are included in Phase I

How?

- Appropriations
- Revenue

SERVICES

Healthcare with a heart!

**Curry Health Network
will expand Infusion
Services.**

Currently available:

- Blood infusion
- Antibiotic infusion
- Other treatment infusion

**Will now provide
Chemotherapy infusion,
*never before available in
Curry County.***

FACILITY – BUILDING CONSTRUCTION

Construction

- 2-story addition on the south side of Curry General Hospital
