The Wishing Star Foundation and Brothers Flooring Host Third Annual "Scoop There It Is" Food Challenge

Spokane, WA – July 23, 2024 – The Wishing Star Foundation, in partnership with Brothers Flooring & Design is excited to announce the third annual "Scoop There It Is" food challenge, a lively and impactful fundraising event aimed at granting wishes to children aged 3 to 21 who are battling terminal or life-threatening illnesses.

Tomorrow, Wednesday, July 24, at 6 PM, ten local teams will gather at Brick West Brewing to compete in an ice cream-eating challenge and see who can raise the most money. The public is invited to join the fun and support their favorite team by voting at <http://www.wishingstar.org>. Every vote helps make dreams come true for these courageous children.

"This event is a perfect blend of fun and philanthropy, bringing our community together to support a cause that makes a tangible difference in the lives of children and their families," said Cindy Guthrie Tripp, Director of Development for The Wishing Star Foundation. "We are grateful to Brothers Flooring & Design for their partnership and to all the teams and supporters for their generosity and enthusiasm."

The "Scoop There It Is" challenge is more than just an ice cream-eating contest; it's an opportunity for the community to unite for a meaningful cause. Every dollar raised goes directly to granting wishes that provide joy and hope to children facing unimaginable challenges.

Join us at Brick West Brewing for an evening of fun, competition, and inspiration, and help us make wishes come true. For more information and to vote for your favorite team, please visit <http://www.wishingstar.org>.

The Wishing Star Foundation grants wishes to children with terminal or life-threatening illnesses, creating moments of joy and hope that leave lasting memories. Since its inception, the foundation has been dedicated to improving the lives of children and their families through the power of a wish.
