

from the desk of the
GVM EASTER BUNNY

Hi Kids!

I've been following the COVID-19 situation very carefully and I'm taking precautions to be able to safely visit with you at the mall this year!

Unfortunately, you won't be able to sit on my lap this year. We will need to keep a social distance of 6 feet from each other. I know this is a little different than usual, but it's very important to me that you and your families stay healthy. Fortunately, we have some especially creative Photographers who have great ideas about how we can take fun photos together, from a distance! Or, you're welcome to take a family photo without me, just don't forget to say hi to me on your way out!

The whole process of waiting in line, visiting with me, and receiving your photos will be social-distanced and as safe as possible.

Remember, keep washing your paws and listen to your parents. See you soon!

Hoppy Easter!

Love,

The Easter Bunny
