FOR INFORMATION LEADING TO ARREST AND CONVICTION IN THE MURDER OF WILLIAM "BILL" SUNDERMEYER

UNSOLVED FOR 40 YEARS — BUT NOT FORGOTTEN
An award of \$10,000 is being offered for information leading to the arrest and conviction of the murderer of William "Bill" Sundermeyer

In June 1985, William "Bill" Sundermeyer disappeared from his home near St. James, Missouri. His Ram truck was found abandoned on a rural road in Phelps County. Then, his body having been dumped in a ditch in Dent County a few days earlier, was identified. Bill wasn't the victim of a random crime. Investigators believed then—and still do—that he left home with people he knew and trusted. He died alone, far from his family, who have spent the last 40 years with a hole in their lives and no answers.

A proud WWII veteran, Bill raised five children with his wife. He was friendly, warm-hearted, and always ready to lend a hand. He believed the best in others — a belief that may have cost him his life.

If you remember anything — any name, detail, rumor, or event, no matter how small — please come forward. Someone out there knows the truth. It's time.
