Narrative

On the 24th day of September, 2015 I was told that there was an accident in the High School parking lot. I was told that Unit #1 was turning left, South bound turning East, onto the side road for the parking lot and Unit #2 was traveling West bound. Unit #2 attempted to stop but struck Unit #1 in the drivers side door. The roadway was damp and I believe Unit#2 was driving to fast for the weather conditions.

Narrative

Unit 1 was traveling East on the 700 block of Green Street. Unit 1 struck the rear driver's side of Unit 2, which was legally parked in front of 709 Green Street. Unit 1 pushed Unit 2 approximately 6 to 8 feet. The driver of Unit 1 left the scene after briefly leaving her insurance information with a witness. The driver of Unit 1 returned several minutes later. The driver of Unit 1 said she was distracted by a bee and that she was only driving 25 mph. Witnesses said the driver of Unit 1 had her cell phone on her lap and that they didn't see her shoeing a bee when she was driving. Witnesses said she was driving faster than 25 mph. The extent of the damage and the distance she pushed Unit 2 lead me to believe she was traveling well over 25 mph. The driver of Unit 1 is required by Kansas to have an interlock device on any vehicle she drives. There was not an interlock device on Unit 1.
