

ANN BOREM BENEFIT EVENT: MULTIPLE WAYS TO HELP!

Fighting with Ann

Ann Borem is 53, and currently facing the fight of her life against Stage 4 AML. After 6 rounds of intensive chemo and 6 bone marrow biopsies, her spirit is strong, but the financial strain is heavy. With Ann unable to work, the "hidden costs" of cancer—travel, medical supplies, and basic utilities—are piling up. We want Ann to focus on one thing: getting healthy! Let's help this devoted wife and mother get back to the family she loves so dearly.
