

FRIENDS OF BLACKBURN STATE PARK

presents
one with nature
series

AUGUST 1 - 10AM

Join us in the beautiful & unique Loess Hills of southwest Iowa for a birder's trek and prairie ramble through mixed-grass prairie and oak savanna ecoscapes.

Nic Salick, Development Officer-The Nature Conservancy and bird enthusiast, and Lance Brisbois, Director-Golden Hills RC&D and dedicated land steward, will lead the group through varied terrains of Blackburn State Park, sharing their expertise, identifying plants and birds by call and sight. They will share their passion for preservation and why the Loess Hills are a critical resource to enjoy and protect. Pro tips for future birding excursions guaranteed! (approximately 1.5 hrs)
