

Hawkeye 10 Athletic Conference

Community Announcement

6/25/25

To the Hawkeye 10 Community,

As part of our ongoing mission to provide meaningful, equitable, and competitive opportunities for student-athletes, the Hawkeye 10 Athletic Conference is actively exploring a new structural model for certain activities. Specifically, we are pursuing a plan to implement **large and small school divisions** within the conference for select sports and activities.

This potential change reflects the evolving needs of our member schools and aims to enhance the experience for all participants by ensuring fair competition and promoting growth in our programs.

To assess the feasibility and interest in this model, our Activities Directors have been tasked with reaching out to schools—both within and beyond the current membership—that may align with either the large or small school division. These conversations are preliminary and focused solely on gauging interest at this time. **We are not releasing the names of schools involved in these discussions at this point** to preserve the integrity of the process.

The Hawkeye 10 Athletic Conference will **reconvene on July 7th** to officially vote on which schools will receive invitations to join under the new divisional structure.

Please note that **this release serves as the official communication from the Hawkeye 10 regarding this matter**. Any other commentary or speculation should be considered unofficial and hearsay. We encourage all members of our community to rely on this and future formal communications for accurate information.
