2024 - 2025 Cell Phone Procedures

- Over the past several years we've heard from multiple stakeholders, internally and externally, that cell phones are causing a distraction to the learning environment.
- While technology is extremely beneficial to the access of resources and materials, having personal devices provides unlimited access to non-educational sites for our scholars. Columbia Public Schools has invested in 1:1 technology for all scholars within our district; our students benefit greatly from access to these educational tools.
- It is our desire to provide a clear, consistent cell phone and smart device protocols in our secondary learning environments. With the full support of all respective high school and middle school principals we are recommending the following procedures during the 2024-2025 school year: →

2024 - 2025

Columbia
PUBLIC SCHOOLS

Middle School Cell Phone Procedures:

Cell Phones, including Smart Devices, are prohibited in the classroom learning environment, hallways, restrooms, and locker rooms, from 7:25am-2:35pm.

High School Cell Phone Procedures:

Cell Phones, including Smart Devices, are prohibited in all learning environments. Specific tools/resources will be provided to all staff to create a system that clearly communicates when/what instruction looks like in all learning environments.
