## How long is my driver's license valid?

Your driver's license or identification card expires at midnight on your birthday. If your birthday falls on a day on which BMV branches are closed in your county, your driver's license or identification card will expire at midnight on the next business day.

- Six years if you are younger than 75 years of age (\$17.50 renewal)
- Three years if you are at least 75 years of age and younger than 85 years of age (\$11 renewal)
- Two years if you are at least 85 years of age (\$7 renewal)

You must pass a vision screening to get a license permit, even if you are renewing or amending your existing license or permit. An operator knowledge test is not required when you renew a driver's license, unless you have accumulated six or more points on your driver record since your previous renewal, or your license has been expired for over 180 days.

## Requirements to renew an expired driver's license:

- Expired less than 180 days — \$6 fee, pass a standard vision screening
- Expired 180 days to 3 years — \$6 fee, pass knowledge exam and standard vision screening
- Expired more than 3 years — \$6 fee, pass knowledge exam, driving skills exam and standard vision screening

## Real ID

As of May 3, 2023, a Real ID-compliant driver's license, permit or identification card is required to board commercial airplanes or enter certain federal facilities. If you have a star in the upper right-hand corner of your driver's license, permit or identification card, you are Real ID compliant.

To upgrade to Real ID, all customers must visit a BMV branch and bring original versions or certified copies of required documents, which include:

- One document proving your identity
- One document proving your lawful status in the United States
- One document proving your Social Security number
- Two documents proving your Indiana residency

If your current name does not match your identity document due to a name change(s) (marriage, adoption, court order, etc.) you may need to provide additional government-issued documents to support any or all name changes. Visit [REALID.IN.gov](http://REALID.IN.gov) for more information and a complete list of approved documents.

## DISCOUNTS

Remember to always ask about senior discounts at places such as art and entertainment venues, movie theaters, sports venues, grocery stores, hotels and motels, restaurants and retail stores, as well as for memberships to different businesses and services. ### SELECT YOUR CAREGIVER

We work to match the needs of your loved one with a caring companion who is experienced in providing for such needs. Our office will arrange for you and your family to interview the caregiver that we will recommend before any services are performed.

## IDENTITY THEFT REMINDERS

- Do not give out personal information over the phone or online.
- Ignore phishing emails asking for you to divulge personal data.
- Ignore phone calls and emails from another country.
- Your credit card number can be used by scammers who know the zip code is needed at untended credit card terminals, such as gasoline pumps. The next time a sales clerk asks for your zip code for marketing purposes, simply decline.
- Do not post personal information, such as your zip code, date of birth or other identifiers that could be stolen, on social media.
- Do not use passwords such as names, dates or locations a scammer could obtain from your social media accounts.
- Think twice before joining a birthday club that gives you a free dessert or discount on your purchases because scammers can pair that information up with other data they've obtained about you to steal your identity.

# INSURANCE

- Most health insurance plans do not cover you once you leave the US. Contact your insurance provider to see what is covered when traveling and ask what happens if you get sick, does it cover pre-existing conditions, accidents, medical, dental, prescriptions and emergency evacuation.
- You may also want to look into travel insurance in the event you need to cancel your trip, miss your connection, your flight is cancelled, weather protection at your destination, terrorism coverage, you get sick or injured on your trip, baggage is delayed or lost, your passport is lost, or your travel company files bankruptcy.

## PRECAUTIONS FOR PACEMAKER WEARERS

Based on current research, cell phones do not seem to pose a significant health problem for the vast majority of pacemaker wearers. Still, people with pacemakers may want to take some simple precautions.

- Hold the phone to the ear opposite the side of the body where the pacemaker is implanted to add extra distance between the pacemaker and the phone
- Avoid placing a turned-on phone next to the pacemaker implant (for example, don't carry the phone in a shirt or jacket pocket directly over the pacemaker).

# PREVENTING MEDICARE FRAUD

- Visit only your personal doctor, hospital or clinic for medical help. Trust only them to make referrals for special equipment, services or medicine.
- If someone calls and tries to threaten or pressure you into something, hang up!
- If someone comes to your door and says they are from Medicare and they need your Medicare number, shut the door!
- Never sell your Medicare number.
- Never provide a salesperson with your doctor's name or number.
- Never show anyone your medical or prescription records without first talking to your doctor or pharmacist.
- Do not leave mail in your mailbox for more than one day. People can steal personal information right out of your mailbox.
- Rip up or shred your Medicare papers and other important documents before throwing them away.
- Remember, Medicare does not sell anything.
- Always check your Medicare Summary Notice (MSN) for charges for something you did not get, billing twice for the same thing, and services that were not ordered by your doctor.

# SCAMS

## 5 COMMON SCAMS

- **GRANDPARENT SCAMS** — Fraudsters claim your grandchild is in trouble and needs money to help with an emergency such as getting out of jail, paying a bill or leaving a foreign country. They prey on your emotions and trick you into wiring money.
- **IMPOSTER SCAMS** — Con artists pose as government agencies (IRS, Medicare, Social Security, etc.) and get personal information from you, such as social security numbers, credit card info, etc.
- **SWEEPSTAKES/LOTTERY SCAMS** — Scammers require that you wire money to pay for taxes or transaction fees before receiving the prize money. Foreign lotteries are illegal. Many of the Publisher's Clearinghouse Sweepstakes are fake.
- **ROBO CALLS/UNWANTED PHONE CALLS** — Computers can make thousands of calls per minute. If you answer the phone, it confirms that it's a working number, and they sell your number.
- **ID THEFT/MEDICARE FRAUD** — Fraudsters try and get your Medicare/Social Security Numbers. Don't give out personal information to unsolicited callers.
