SENIOR & MEDICAL TERMINOLOGY

ADULT DAY CARE: Specialized care offered during business hours Monday through Friday, following the business model of child day care programs. Sometimes transportation is provided. Meals are included along with activities to promote socialization and physical and mental stimulation.

ADULT PROTECTIVE SERVICES (APS): The official agency mandated to receive, investigate and respond to complaints of neglect and abuse of the elderly.

ADVANCE DIRECTIVES: Legal documents outlining how a person's medical decisions are to be handled including living will, power of attorney for health care and power of attorney for finances and may be part of a trust or estate plan.

AGING IN PLACE: The concept of remaining in one's home regardless of changes in health or care needs. This can take place in a senior living community or in one's home.

ALZHEIMER'S DISEASE: Common form of dementia — accounts for 70 percent of all dementia.

AMBULATORY: The ability to walk independently, including walking with the use of an assistive device such as a cane or walker; not bedridden.

ASSESSMENT: An evaluation performed of a person's mental, emotional and social capabilities.

ASSISTED LIVING or ASSISTANCE IN LIVING (AL): Housing for an elderly or disabled person that provides room, meals, transportation, housekeeping, medication management, laundry, social activities and various levels of care.

BED HOLD: A reservation placed on a nursing home bed if a resident is only going to be hospitalized temporarily or on therapeutic leave. Bed holds are mostly needed by Medicaid patients to prevent another Medicaid patient from taking their place.

CERTIFIED NURSING AIDE (CNA): Provides assistance in daily living, including bathing, transfers and feeding.

CHRONIC: A word used for a condition that is long term and ongoing, and is not acute. Examples include diabetes, asthma, allergies and hypertension.

CONTINUING CARE RETIREMENT COMMUNITY (CCRC): A retirement community organized to provide care for all stages of aging. Independent living townhomes or apartments are offered, along with assisted living and nursing care.

COPAYMENT TIER: A tier usually represents the copayment level that applies to a certain formulary status and medication type (i.e., Tier 1: formulary/preferred generic, Tier 2: formulary/preferred brand, Tier 3: non-formulary/non-preferred brand, or Tier 4: specialty medications).

DEMENTIA: A group of symptoms that accompanies certain diseases; loss of thinking, remembering and reasoning. May also include behavioral changes and moods.

DO NOT RESUSCITATE (DNR): A written and legal order that a patient does not want to be resuscitated.

DURABLE MEDICAL EQUIPMENT (DME): Reusable medical equipment such as walkers, wheelchairs and hospital beds. Medicare will pay for some DME, with doctor's approval.

DURABLE POWER OF ATTORNEY (DPOA): A legal document giving another person authority to make financial and legal decisions if a person becomes physically or mentally incapable.

ELDER LAW: A specialty practice of law for seniors, covering estate planning, wills, trusts, arrangements for care, Social Security and retirement benefits, and other senior specific legal assistance.

GERIATRICS: Medical specialty of treating the problems and diseases of old age.

HEALTH AND REHABILITATION CENTER: A residential setting in which a range of nursing and/or medical services are provided to residents.

HOME HEALTH CARE: Nursing or other medical care provided to an individual in their home.

HOSPICE CARE: A service that provides comfort and care at the end of life. (See also palliative care.)

INDEPENDENT LIVING: A senior living community in which residents require minimal or no assistance with daily activities. Also referred to as self-sufficient living.

LIFE SPAN: The age that a person reaches.

LONG TERM CARE (LTC): A term used to describe care given in the form of medical and support services to people who have lost some or all of their capacity to function without assistance.

LONGEVITY: Duration of life beyond the normal expectation.

MANAGED CARE ORGANIZATION (MCO): An organization that sets up networks of contracts with doctors, hospitals, skilled nursing facilities and home health agencies, and bundles those contracts together to provide a discounted bundled offering of health care services.

MEDICAID: A jointly funded state and federal program to assist those with financial need with medical care. Due to joint funding, coverage varies for each state.

MEDICARE: Seniors age 65 and older and some disabled people younger than age 65 qualify for this national health insurance program administered by Medicare & Medicaid Services (CMS). Medicare does not pay for long-term care.

MEDICARE PART A: Also called Original Medicare, this is managed by Medicare and provides Medicare benefits and coverage for: inpatient hospital care, inpatient stays in most skilled nursing facilities, hospice and home health services.

MEDICARE PART B: Also called Original Medicare, this is managed by Medicare and provides Medicare benefits and coverage for: doctor and clinical lab services, outpatient and preventive care, home health care, screenings, surgical fees and supplies, and physical and occupational therapy.

MEDICARE PART C: Also called Medicare Advantage, this is a different way of getting Medicare Part A and Part B coverage. Medicare Advantage (MA) Plans combine Part A (hospital insurance) and Part B (medical insurance) together in one plan. They can also be combined with Part D prescription drug coverage creating a Medicare Advantage Prescription Drug (MA-PD) Plan. Generally these plans are offered as: health maintenance organizations (HMO plans), preferred provider organizations (PPO plans), private fee-for-service (PFFS plans) or special needs plans (SNP plans).

MEDICARE PART D: Prescription Drug Plan (PDP) can be a stand-alone plan (not joined with other insurance) or it may be combined with a Medicare Advantage Plan, also called a Medicare Advantage Prescription Drug (MA-PD) Plan. Part D plans help cover the cost of prescription drugs and may help lower prescription drug costs and protect against higher costs in the future.

MEMORY CARE: Special programs dedicated to caring for those with Alzheimer's disease, dementia or other cognitive impairments. Usually services include group activities, socialization and assistance with ADLs.

MOBILITY SERVICES: Gives seniors the ability to remain independent by staying mobile. These include: stair lifts, scooters, walkers, lift chairs, electric wheelchairs, standard wheelchairs, ramps and more.

SENIOR & MEDICAL TERMINOLOGY

NON-MEDICAL CARE: Care which does not require a registered nurse or medical doctor to administer their services. All activities of daily living are considered non-medical care.

NURSE PRACTITIONER (NP): A professional registered nurse who has special training to provide primary health care.

OTC: Over the counter.

PALLIATIVE CARE: A medical specialty that provides relief from pain and suffering associated with serious illness. It is often, but not exclusively, offered as part of hospice or end-of-life care.

PHYSICAL THERAPY: The treatment of injury or illness with the use of exercise, massage or various therapies using light, heat or electrical components. (See also Rehabilitation.)

PHYSICIAN'S ORDERS FOR LIFE-SUSTAINING TREATMENT (POLST): Formal document based on the patient's current medical condition and wishes.

REHABILITATION: Various means of restoring a capacity lost or diminished due to illness or injury. Can include physical, occupational or speech therapy, among others.

RESPIRE CARE: Communities that offer temporary or short-term-stay care solutions. This service is intended to give caregivers or adult children a well-deserved break from their daily responsibilities of caring for an older adult. The length of a respite stay can vary from two days to more than a full month.

RX: This is a common symbol. It means "prescription" or "pharmacy".

SENILE: Characteristic of old age, especially exhibiting a loss of cognitive abilities (such as memory) associated with old age.

SENIOR CENTERS: Centers that provide services to senior citizens, aged 60 and older. They may offer social activities (like music or crafts), meals, health screenings, diabetes monitoring, learning programs, creative arts and exercise classes.

SENIOR LIVING COMMUNITY: A residential setting specifically designed for seniors, with an emphasis on maintaining a high quality of life through activities, services and community engagement.

Home Sweet Home

Comfort & Care in Your Own "Home Sweet Home"

We offer both
Private Senior Care
paid for by the individual
and our new division
Health Care LLC
ordered by Medical
Doctors and paid for by Medicaid

We are a Team of
dedicated,
compassionate
professional
caregivers.

- Skilled Nursing (RN & LPN)
- Home Health Aides
- Respite Care

INDIANA STATE LICENSED PRIVATE SENIOR HOME CARE

Home Sweet Home Senior Care offers your family a private alternative to care for family members who are unable to care for themselves but who want the flexibility and freedom to stay in their own "Home Sweet Home."

We honestly believe that when that time comes, it is best for everyone if senior assistance can be obtained while living at home. Give us a call today and let us help you. We can relieve the pressure and help lighten the load.

SELECT YOUR CAREGIVER

We work to match the needs of your loved one with a caring companion who is experienced in providing for such needs. Our office will arrange for you and your family to interview the caregiver that we will recommend before any services are performed.

SERVICES

Home Sweet Home enables the elderly and disabled to live independently at home. It's at home where their quality of life is enhanced without the stress of interrupted routines and changes in daily habits. Companionship is as important as health care when it enables seniors to remain independent and in their homes.

How long is my driver’s license valid?

Your driver’s license or identification card expires at midnight on your birthday. If your birthday falls on a day on which BMV branches are closed in your county, your driver’s license or identification card will expire at midnight on the next business day.

- Six years if you are younger than 75 years of age (\$17.50 renewal)
- Three years if you are at least 75 years of age and younger than 85 years of age (\$11 renewal)
- Two years if you are at least 85 years of age (\$7 renewal)

You must pass a vision screening to get a license permit, even if you are renewing or amending your existing license or permit. An operator knowledge test is not required when you renew a driver’s license, unless you have accumulated six or more points on your driver record since your previous renewal, or your license has been expired for over 180 days.

Requirements to renew an expired driver’s license:

- Expired less than 180 days — \$6 fee, pass a standard vision screening
- Expired 180 days to 3 years — \$6 fee, pass knowledge exam and standard vision screening
- Expired more than 3 years — \$6 fee, pass knowledge exam, driving skills exam and standard vision screening

Real ID

As of May 7, 2025, a Real ID-compliant driver's license, permit or identification card is required to board commercial airplanes or enter certain federal facilities. If you have a star in the upper right-hand corner of your driver's license, permit or identification card, you are Real ID compliant.

To upgrade to Real ID, all customers must visit a BMV branch and bring original versions or certified copies of required documents, which include:

- One document proving your identity
- One document proving your lawful status in the United States
- One document proving your Social Security number
- Two documents proving your Indiana residency

If your current name does not match your identity document due to a name change(s) (marriage, adoption, court order, etc.) you may need to provide additional government-issued documents to support any or all name changes.

Visit REALID.IN.gov for more information and a complete list of approved documents.

IDENTITY THEFT REMINDERS

- Do not give out personal information over the phone or online.
- Ignore phishing emails asking for you to divulge personal data.
- Ignore phone calls and emails from another country.
- Your credit card number can be used by scammers who know the zip code is needed at untended credit card terminals, such as gasoline pumps. The next time a sales clerk asks for your zip code for marketing purposes, simply decline.
- Do not post personal information, such as your zip code, date of birth or other identifiers that could be stolen, on social media.
- Do not use passwords such as names, dates or locations a scammer could obtain from your social media accounts.
- Think twice before joining a birthday club that gives you a free dessert or discount on your purchases because scammers can pair that information up with other data they've obtained about you to steal your identity.

INSURANCE

- Most health insurance plans do not cover you once you leave the US. Contact your insurance provider to see what is covered when traveling and ask what happens if you get sick, does it cover pre-existing conditions, accidents, medical, dental, prescriptions and emergency evacuation.
- You may also want to look into travel insurance in the event you need to cancel your trip, miss your connection, your flight is cancelled, weather protection at your destination, terrorism coverage, you get sick or injured on your trip, baggage is delayed or lost, your passport is lost, or your travel company files bankruptcy.

PRECAUTIONS FOR PACEMAKER WEARERS

Based on current research, cell phones do not seem to pose a significant health problem for the vast majority of pacemaker wearers. Still, people with pacemakers may want to take some simple precautions.

- Hold the phone to the ear opposite the side of the body where the pacemaker is implanted to add extra distance between the pacemaker and the phone
- Avoid placing a turned-on phone next to the pacemaker implant (for example, don't carry the phone in a shirt or jacket pocket directly over the pacemaker).

PREVENTING MEDICARE FRAUD

- Visit only your personal doctor, hospital or clinic for medical help. Trust only them to make referrals for special equipment, services or medicine.
- If someone calls and tries to threaten or pressure you into something, hang up!
- If someone comes to your door and says they are from Medicare and they need your Medicare number, shut the door!
- Never sell your Medicare number.
- Never provide a salesperson with your doctor’s name or number.
- Never show anyone your medical or prescription records without first talking to your doctor or pharmacist.
- Do not leave mail in your mailbox for more than one day. People can steal personal information right out of your mailbox.
- Rip up or shred your Medicare papers and other important documents before throwing them away.
- Remember, Medicare does not sell anything.
- Always check your Medicare Summary Notice (MSN) for charges for something you did not get, billing twice for the same thing, and services that were not ordered by your doctor.

5 COMMON SCAMS

- **GRANDPARENT SCAMS** — Fraudsters claim your grandchild is in trouble and needs money to help with an emergency such as getting out of jail, paying a bill or leaving a foreign country. They prey on your emotions and trick you into wiring money.
- **IMPOSTER SCAMS** — Con artists pose as government agencies (IRS, Medicare, Social Security, etc.) and get personal information from you, such as social security numbers, credit card info, etc.
- **SWEEPSTAKES/LOTTERY SCAMS** — Scammers require that you wire money to pay for taxes or transaction fees before receiving the prize money. Foreign lotteries are illegal. Many of the Publisher’s Clearinghouse Sweepstakes are fake.
- **ROBO CALLS/UNWANTED PHONE CALLS** — Computers can make thousands of calls per minute. If you answer the phone, it confirms that it’s a working number, and they sell your number.
- **ID THEFT/MEDICARE FRAUD** — Fraudsters try and get your Medicare/ Social Security Numbers. Don’t give out personal information to unsolicited callers.

Clarkson Transportation is your safe, reliable, and trusted non-emergency medical, wheelchair accessible transportation service. Available 24/7/365 including weekends and holidays.

Clarkson Transportation can travel throughout the entire state of Indiana. With more than 6 years of outstanding service experience, Clarkson offers private transport directly to and from your destination; will check you into your appointment and assist you back into your residency.

Our vehicle is equipped with a 500 lb. capacity wheelchair that can convert into a complete bed-like position so that we can transfer you directly from your bed. Same day requests, such as ER-releases, hospital discharges, and last minute appointments can be scheduled if the time slot is available.

Clarkson has an assortment of portable ramps with 1000 lb. capacity to assist you with stairs, to and from your home. Our portable ramp options are 2', 4', 6' & 10'.

All vehicles are equipped with the extra wide ramp and will accommodate wide wheelchairs including the electric and Broda chairs.
