Demographics & Housing Snapshot

- **Population down 8%** since 2010 (76,780 → 70,382 in recent housing study)
- **14.2% housing vacancy rate** (2025 housing study)
- **Aging homes** 29.2% of the housing units were built before 1940. Since 1990, just 14% of the housing units have been built

Our Path Forward

- Launch innovative housing incentives
- Prioritize modern, attractive development
- Communication and marketing plan
