On the evening of 8 October 2025 Compton was contacted on a traffic stop. An inventory search of the vehicle revealed a small pipe bomb IED found in the dash on the front passenger side of the vehicle. The Bomb Squad was called out to address the IED. The IED was assessed and confirmed to be suspicious. The IED was rendered safe. Field testing of the IED filler powder showed an energetic response. The assessment of the IED was that it was a viable explosive device as known as a bomb under ARS and a prohibited weapon. Compton acknowledge that the IED was a present and that his father made the device.
