

ARA: Kati Chachere, ARA (cchachere@blm.gov) Issued: 07:41 MST 8/06/25 Interagency Wildland Fire Air Quality Response Program

HEAT ADVISORY: An Extreme Heat Warning is in effect until 8 PM MST Friday for Grand Canyon Country below 4,000 feet elevation. (more info)

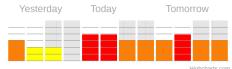

**Grand Canyon Village (South Rim)** GOOD smoke conditions throughout the day with brief periods of MODERATE smoke impacts. Great day to visit the South Rim.

**Tuba City** Tuba City again evades the majority of smoke impact today. Expect GOOD smoke impacts and a visible plume to the NW.

**House Rock Valley** Generally USG smoke impacts with isolated periods of UNHEALTHY in the afternoon and evening hours today and tomorrow.

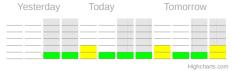

**Page** Another day of UNHEALTHY for SENSITIVE GROUPS smoke impacts for the Page area today.

**Phantom Ranch (Canyon Bottom)** Slightly elevated smoke in the morning clearing to GOOD quickly. GOOD conditions expected for the rest of the day.

**Kanab/Fredonia** Some lingering smoke overnight, but no new transport from California. Expect GOOD smoke conditions today.

## **FIRE**

The Dragon Bravo fire is currently estimated at 130,520 acres and is 13% contained. Fire activity for the Dragon Bravo fire is expected to remain high.

## **SMOKE**

Active fire behavior is expected once again today. Strong southwest winds bring smoke back into the House Rock Valley, Page, and Lake Powell regions today. These areas can expect generally UNHEALTHY for SENSITIVE GROUP'S smoke impacts with periods of UNHEALTHY possible in the afternoon during peak fire activity. Tuba City will have GOOD smoke impacts for the majority of the day. Isolated pockets of burning within the Grand Canyon below the North Rim continues to allow smoke to settle into the canyon overnight. Areas to the south and west of the fires will remain GOOD, including the Grand Canyon South Rim. Fredonia and Kanab can expect generally GOOD smoke impacts as smoke from California struggles to enter the region todav.

## **HEALTH STATEMENT**

Smoke can be harmful to your health. Check with your doctor if there are any health concerns and monitor your local air quality conditions using the Fire and Smoke Map.
