

SMOKE OUTLOOK

North Central Arizona – Dragon Bravo

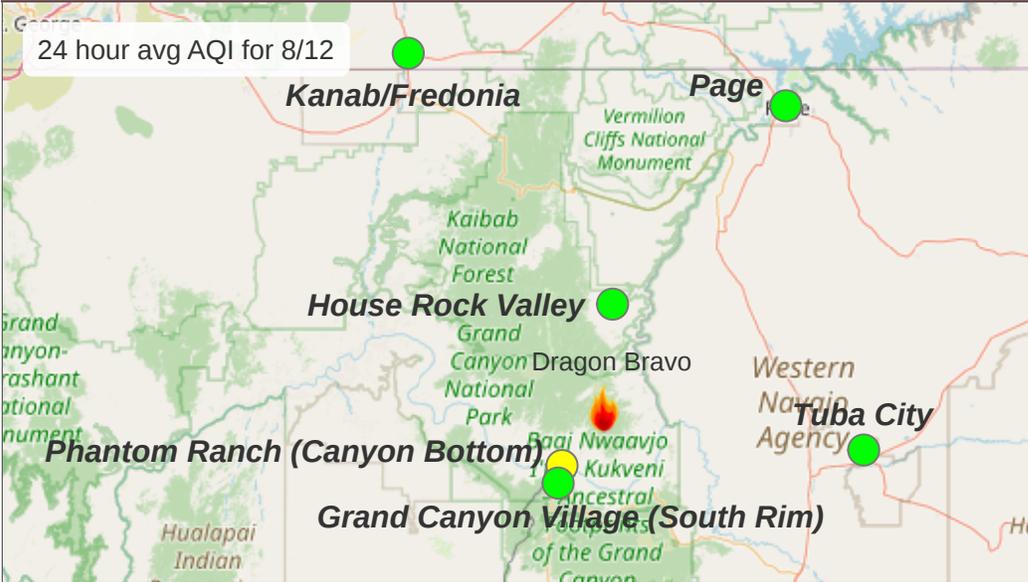

8/12 - 8/13

ARA: Kati Chachere, ARA (cchachere@blm.gov)

Issued: 07:30 MST 8/12/25

Interagency Wildland Fire Air Quality Response Program

HEAT ADVISORY: An Extreme Heat Warning is in effect until 8 PM MST Thursday for Grand Canyon Country below 4,000 feet elevation. ([more info](#))

FIRE

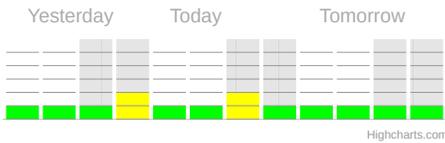

The **Dragon Bravo** fire is currently estimated at 143,974 acres and is 44% contained. Fire activity for the **Dragon Bravo** fire is expected to remain high.

SMOKE

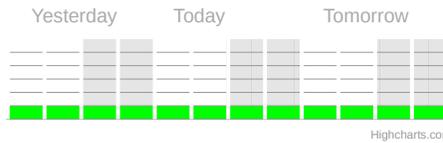

Moderate to active fire behavior is expected once today. Winds trend again in the northwesterly direction today, with the primary impact region from the Dragon Bravo being the canyon bottom. Expect generally MODERATE smoke conditions and visibility to be impacted by haze.

The remainder of surrounding regions on the fire are expected to have generally GOOD smoke conditions, including the Grand Canyon South Rim. Expect to see some haze from regional fire but little to no adverse smoke impacts at the surface. Tuba City and Cameron may see some MODERATE smoke impacts during peak burning periods in the afternoon, but do not expect to have those last for more than a few hours.

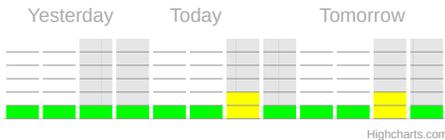

Grand Canyon Village (South Rim) Minimal smoke impact expected for the South Rim today. Expect generally GOOD smoke conditions with chances of MODERATE.

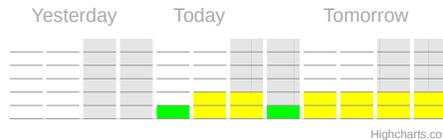

Page Breathing easy again in Page today. Expect generally little smoke, some haze, and GOOD smoke conditions all day.

Tuba City Light winds in Tuba City limit the transport of smoke from Dragon Bravo. Expect generally GOOD conditions.

Phantom Ranch (Canyon Bottom) Another day of MODERATE smoke for the canyon bottom as fire continues to chunk around below the rim.

House Rock Valley House Rock Valley gets a smoke break in the northerly wind today. Expect generally GOOD with periods of MODERATE.

Kanab/Fredonia Another day of GOOD air quality conditions. There will be some visible haze from surrounding wildfires.

HEALTH STATEMENT

Smoke can be harmful to your health. Check with your doctor if there are any health concerns and monitor your local air quality conditions using the Fire and Smoke Map.

AIR QUALITY INDEX

	Hazardous (H)
	Very Unhealthy (VU)
