

Good evening residents,

We have received numerous complaints not only from residents who pay for parking, but from the city itself of cars in handicap parking spots as well as vendor parking. We realize that not everyone has their parking permits and we hope to have that solidified by the end of this week.

As a reminder, please be aware that if you do NOT have a car registered under our parking list or if you have not signed your parking addendum, you will be subject to towing.

Green neon stickers will be placed on the windshield of cars who will be towed as towing will begin effective tomorrow at 8am. If your car is a repeat offender of parking in our garages, you will also be subject to fines.

Those who are confirmed with parking will receive a secondary email tonight signed by one of our staff that you are good to go. If you do not receive this email and you believe you have parking, please double check with the front office, we are oversold and have limited spaces.

If you were not able to get on the parking list, we have a wait list as well.

The towing company is available 24 hours a day, 7 days a week and they are aware of our doors being open for the meantime, so they'll be coming more often to check.

Please make sure your sticker is located on the lower left driver's side. If your tint is too dark, please make sure you put in a visible spot, if our towing company doesn't see it, it will get towed.

As for water update in both buildings, we have a vendor on site currently and let us know everyone should be good to go by latest 8:00pm tonight.

Best,

Sol y Luna Management
