

2021 Work Session Schedule Example

Work sessions would start prior to the regular session. The start time would vary based on subject matter. During department updates, staff would provide a brief update on operations. One hour would be reserved for department presentations and council discussion. General topics for discussion would occur after the department update. General topics would be scheduled as needed and may include subject matter such as updates on programs, proposed ordinances or projects, updates from community organizations, capital improvements, budget discussions, etc. The fifth Monday of the month would be reserved for council planning sessions. Council would have the ability to vote at any work session.
