

## **Drug-Free Schools, Community, and Workplace**

The board has an obligation to staff, students, and citizens to take reasonable steps to provide a safe workplace and to provide safety and high-quality performance for the students who the staff serve.

For purposes of this policy, the “workplace” is defined to mean the site for the performance of work done, which includes work done in connection with a federal grant. The “workplace” includes any district building or any district property; any district-owned vehicle or any other district-approved vehicle used to transport students to and from school or school activities; and off school district property during any school-sponsored or school-approved activity, event, or function, such as a field trip or athletic event, where students are under the jurisdiction of the school district, which could also include work on a federal grant.

### **Prohibited Behaviors**

To help maintain a drug-free school, community, and workplace, the following behaviors will not be tolerated:

- A. Reporting to work or the workplace under the influence of alcohol, illegal and/or controlled substances, including marijuana (cannabis).
- B. Using, possessing, transmitting alcohol, illegal and/or controlled substances, including marijuana (cannabis) and anabolic steroids in any amount, in any manner, and at any time in the workplace.
- C. Any staff member convicted of a felony attributable to the use, possession, or sale of illegal chemical substances or opiates will be subject to disciplinary action, including termination.
- D. Using district property or the staff member's position within the district to make or traffic alcohol, illegal and/or controlled substances, including marijuana (cannabis) and anabolic steroids.
- E. Using, possessing, or transmitting illegal and/or controlled substances, including marijuana (cannabis) and anabolic steroids.

### **Notification Requirements**

Any staff member who is taking prescribed or over-the-counter medications will be responsible for consulting the prescribing physician and/or pharmacist to ascertain whether the medication may interfere with the safe performance of his/her job. If the use of a medication could compromise the safety of the staff member, other staff members, students, or the public, it is the staff member's responsibility to use appropriate personnel procedures (e.g., use leave, request change of duty, or notify his/her supervisor of potential side effects) to avoid unsafe workplace practices. If a staff member notifies his/her supervisor that the use of medication could compromise the safe performance of his/her job, the supervisor, in conjunction with Human Resources, then will determine whether the staff member can remain at work and whether any work restrictions will be necessary.

As a condition of employment, each employee will notify his or her supervisor of a conviction under any criminal drug statute violation occurring in the workplace. Such notification will be provided no later than 5 days after such conviction. The district will inform the federal government within 10 days of such conviction, regardless of the source of the information.

The district may notify law enforcement agencies regarding a staff member's violation of this policy at the district's discretion or take other actions as the district deems appropriate.

### **Disciplinary Action**

Each employee will be notified of the district's policy regarding employee drug activity at work. Any staff member who violates any aspect of this policy will be subject to disciplinary action, which may include termination. As a condition of eligibility for reinstatement, an employee may be required to satisfactorily complete a drug rehabilitation or treatment program approved by the district, at the employee's expense. Nothing in this policy will be construed to guarantee reinstatement of any employee who violates this policy, nor does the district incur any financial obligation for treatment or rehabilitation ordered as a condition of eligibility for reinstatement.

The district may notify law enforcement agencies regarding a staff member's violation of this policy at the district's discretion or take other actions as the district deems appropriate.
