

Hello,

We, the Management Team and staff of Gunstock, call on the members of the Belknap County Delegation to show your support for Gunstock Mountain Resort in calling for an immediate resignation of Commissioner Strang from the Gunstock Area Commission. The remaining Gunstock Management team and staff would like to put forth a unanimous vote of No Confidence for Commissioner Strang. His failure to honor his oath of office and make decisions in the best interest of Gunstock, its employees, and the Belknap County community, has repeated itself over and over.

Commissioner Strang's continued involvement makes it difficult for us to see a path forward for the continued success of Gunstock. Please help us resolve this issue immediately! We need your support.

Sincerely,

The Gunstock Management Team and Staff
