LACONIA SCHOOL DISTRICT
School Administrative Unit 30

"Ensuring success with every student, every day, in every way"

Bob Champlin, Superintendent
Amy N. Hinds, Assistant Superintendent **Diane Clary, Business Administrator**

April 16, 2025

Hello Laconia School District Parents and Guardians:

I hope this communication finds you well. We know that when you share your children with us you have an expectation that we will provide a safe and supportive environment where we engage your students in learning and reaching their full potential.

That responsibility starts and ends with the Superintendent of Schools and the School Board. With that background, I want to let you know that I am experiencing a health issue that has caused me to work with our School Board to take a six week leave to address my health issue.

I want you to know that during my leave our Assistant Superintendent, Amy Hinds, will be at the point of all decision making as needed. She has the full support of our Principals and our School Board.

Thank you for all your support and involvement in your children's education. Our schools are at their best when we partner with you and our commitment to communicating, both through listening and learning from our parents and guardians, is unwavering.

I hope to get better and be back soon. Please know that the shared leadership of our Assistant Superintendent, Building Administrative Teams, Teachers and Staff along with our School Board's oversight continue to be hard at work on behalf of your children. Go Laconia!

Respectfully,

Bob Champlin
