

# SCROLLING FLOOR BELT TRAILER FOR YOUR BULK HAULING NEEDS...

ONE LOAD AFTER THE NEXT.

**Scroll-Tek**

## RAISING THE BAR ON BELT TRAILER CAPABILITY

### **New Belt for aggregates** (stone)

is now the standard belt for all Scroll-Tek models.  
Stones and belts did not work together well... Until NOW

### **Redesigned Side Skirt**

overlaps the belt, better protecting it. We have  
added a UHMW liner to the skirt as well.
