CERTIFICATION / CLASSIFICATION PROGRAM

FOR TRANSPARENT, EFFICIENT SHOPPING

“This vehicle meets our highest standards.
It’s virtually perfect.”

“This vehicle would be Gold Certified except
for some minor flaws. Most of our vehicles
are Silver Certified and have been very
popular with our clientele.”

“This vehicle has some noticeable flaws,
but is still certified mechanically
just as Gold and Silver.”

“This vehicle has obvious flaws. However,
it has passed PA safety inspection by a good
margin. Plus, we’ve performed the most
important mechanical services and are including
a basic version of our **Golden Rule Warranty**.”
