

MISCELLANEOUS SPECIAL REGULATIONS APPLY (CLASS A WILD TROUT STREAM SECTION STOCKED WITH TROUT)

1. Fishing with artificial lures, flies, streamers, natural bait, baitfish and fishbait is allowed. Spinning or fly fishing gear may be used in these waters.
2. Open to fishing from 8 a.m. on the opening day of trout season to midnight on the third Sunday in February.
3. Closed to all fishing from the third Monday in February to 8 a.m. on the opening day of trout season.
4. Brown Trout are Catch and Release Only. No Brown Trout may be killed or possessed on the waters managed under these regulations at any time.
5. All other trout species – trout must be at least seven (7) inches long to harvest. The daily creel limit is five (5) trout (combined species) from 8 a.m. on the opening day of trout season in April to midnight Labor Day. From the day after Labor Day to the third Monday in February, Catch and Release Only; no trout of any species may be killed or had in possession on the waters managed under these regulations.
6. Taking baitfish or fishbait is prohibited.
7. A current trout permit is required.
8. These regulations apply to trout only; all other species – inland regulations apply.
