BE PART OF IT! LANCASTER COUNTY IS EXTRAORDINARY BECAUSE OF YOU.

ExtraGive is a day to celebrate the causes we care about. Supporting and celebrating organizations that care for our community while inviting new people to be part of giving has always been what makes this day so extraordinary. ExtraGive is a day for all of us. It is a reflection of our collective compassion and a glimpse into a future we hope to build together. It's a celebration of everything that makes Lancaster County special and a commitment to the generations to come.

A TRANSFORMATIVE FORCE FOR GOOD

Since 2012, the Extraordinary Give has raised more than **\$92 million** for more than **500** organizations, engaged more than **30,000** donors across Lancaster County, and connected thousands of new donors to organizations! Donations per capita in Lancaster County are among the most generous in the nation, and it's all thanks to the dedication of members of our community, participating organizations, and the sponsors who help stretch each dollar. ExtraGive is a transformative force for good in our shared community. Thanks to our Presenting Sponsors High Foundation and Murry Foundation, and all our extraordinary community partners, this year's stretch pool and prizes offer more than half a MILLION dollars! That means that every dollar donated at ExtraGive.org on Nov. 17 will be stretched for causes we care about. Thank you!

The Lancaster County Community Foundation is committed to helping you make a difference and strengthening our local community benefit sector. The ExtraGive is a special way to bring these two goals together: a powerful day to show support to our local community and a way to give a little extra to those who need it most. We are proud that 100% of sponsor dollars go directly to participating organizations. The Community Foundation is the largest sponsor of ExtraGive and has never taken a penny from the event. NOVEMBER 17

EXTRAGIVE.ORG

THE IMPACT IS REAL.

You don't know what you've got until it's gone. Two thirds of counties in the United States do not have a daily newspaper. Two newspapers close each week in the US. And when communities lose their newspapers, the impact is real: municipal borrowing costs increase, fewer people run for office, and polarization increases.

But you may not know that, unlike many communities, Lancaster County has a nonprofit organization, the Lancaster County Local Journalism Fund, that is actively engaged in supporting the work of local journalists. They're working closely to support local journalism in partnership with the new Steinman Institute for Civic Engagement, LNP, WITF and others through:

- Investigative and public interest journalism
- Efforts, programs or events that support, protect or expand local journalism in, and for, Lancaster County
- Media literacy to ensure that the people of Lancaster County continue to be informed, engaged and empowered by independent local journalism

Please consider supporting the Lancaster County Local Journalism Fund during this year's Extraordinary Give on November 17.
