

2015 Lancaster County PSSA results

District	School	Subject	% Proficient or advanced	Growth*
**"Growth" reflects changes in scores relative to other schools. A growth score of 70-79 indicates that a school stayed in the same place relative to other schools, a number less than 70 indicate the school declined relative to other schools, and a number greater than 79 indicates that the school improved relative to other schools, according to the state Department of Education.
