M&R AUTO CENTER

Offering top quality service for over 37 years

M&R Auto Center is a family-owned business that has grown from a one-man shop in 1982 to a thriving independent repair shop – all while maintaining its tradition of excellent customer service and quality workmanship.

Second-generation owner Ryan Martin and his team of 14 employees operate a full-service auto repair and maintenance facility that includes a full-service collision center as well as a modest pre-owned car sales lot.

As a full-service auto body and paint shop, M&R Auto works with insurance companies from start to finish and strives to help customers who have to pay out of pocket for repairs. They even offer free estimates.

M&R Auto’s technicians can also handle most routine and unexpected mechanical work for all makes and models of cars and light trucks, both gasoline and diesel, from regular maintenance and state inspections to check-engine lights and exhaust repair. And when those unexpected breakdowns occur, current customers can take advantage of M&R Auto’s towing service.

They also offer fleet services, with preventive maintenance and a quick turnaround on repairs to keep a company’s vehicles up and running smoothly. Additionally, a licensed, on-site notary can handle title and registration plate transfers.

As a family-owned business, their customers come first. Their goal is to establish long-term relationships with their customers, where they get to know them and their vehicles personally. They give honest answers and strive to provide excellent service.

If it’s auto-related, M&R Auto Center can help.

Hours are 7:30 a.m. to 5:30 p.m. Monday through Friday. For more information, visit www.mrautocenter.com.

### I AM THRILLED

...to present to you the winners of our 20th annual LNP|LancasterOnline Readers’ Choice Awards!

This year, we accepted digital-only voting ballots. Despite the change, our faithful readers not only came through for us, they set new voting records! We collected more than 93,000 votes from more than 12,000 voters.

Through all the hardships we have all faced this year, the people of Lancaster County continue to rise up and show love and support and, many times, a necessary life line to small businesses.

Congratulations to all the winning businesses and professionals who have earned our readers’ top votes! We strive each day to serve Lancaster County as not only the best source of news and information, but also as a comprehensive marketing company with proven tools and a professional staff to help you promote your business.

It’s true, 2020 has been a year like none other. One thing we’ve always known, but the challenge of this year has underscored, is the incredible support we receive from our community.

To our readers and business partners, thank you for your continued support. We could not do this without you.

Providing legal representation in family and immigration law is more than simply a job for Wendy Chan, Esq.

With immigration cases, she doesn’t need to pretend to understand her clients’ struggles, because she has lived through them herself.

“I am an immigrant who watched her immigrant parents work tirelessly in this country to give my brother and I a better life,” she says. “I have watched my parents get taken advantage of by non-attorneys and attorneys alike while trying to get us green cards and then citizenship. I know firsthand how it feels to be scared of being caught by immigration, to be discriminated against in school, government offices, stores, and even just walking down the street.” Chan vowed to be the voice to help people like her parents navigate the immigration system.

Since 2009, the team at Chan & Associates has been a tireless advocate not only for immigrants, but also for children and families in general. They care deeply about their clients, and there is nothing they won’t do within the law for clients who have the best interests of their families at heart. They are not afraid to challenge the status quo or the system if they believe the reasons and goals are legitimate.

“Many people have tried to bully us, intimidate us, spread lies about us and even lie in court,” Chan says. “While it scares some attorneys, we respond by pushing back even harder. We are not here to make friends. We are here to do a job that we wholeheartedly believe in.”

Chan & Associates has the ability and drive to always advocate for what is right. Their office is located at 39 N. Lime St., Lancaster.

No matter what time hunger strikes, you can be sure to satisfy it at the Park City Diner and Coffee Shop. It has been serving customers 24 hours a day, every day, since 2010. In fact, the diner has not closed its doors once since Christmas 2010.

Park City Diner and Coffee Shop serves its extensive breakfast menu any time of day, including a variety of omelets, pancakes, French toast, breakfast sandwiches, steak and eggs, pastries and more.

For lunch and dinner, people travel from far and wide just to try their crab cakes, but their menu also includes burgers, gyros, salads, homemade soups, open-faced sandwiches, melts, hand-cut steaks, seafood, Italian specialties and more. They also offer daily specials.

With its convenient location and extensive menu, Park City Diner and Coffee Shop is the perfect place to jump-start your day, enjoy a main meal, grab a quick bite or satisfy a late-night craving.

Park City Diner and its sister location, Knight & Day Diner in Lititz, are both open 24 hours a day, seven days a week. Both diners have a friendly atmosphere and a very pleasant staff with many faithful customers that dine with us for at least one meal a day. They are known for their great prices and extra large portions—no one will leave hungry!

For most people, their home is their biggest investment so it’s important to keep it well-maintained and looking its best. Proper care of a home’s exterior not only adds value but also saves money by maximizing the life of brick, concrete and wood surfaces.

For nearly three decades, Atkins Deck Treatment Services in Leola has been helping local families clean, beautify and protect their home and property. Family-owned and operated, Atkins Deck Treatment Services keeps homes looking their best with services that include solar panel cleaning, house power washing, exterior painting, roof cleaning, masonry waterproofing and paver patio maintenance. They can restore brick; bring out the natural beauty of log and cedar homes; and keep composite, pressure-treated and hardwood decks looking their best. They’ll even remove unsightly rust, mildew, moss and algae from paths and walkways.

Owners Rick and Erika Atkins employ a staff of 20, all of whom complete a formal training program and continuing education to meet the latest standards in the industry. They also use environmentally friendly products and procedures to ensure the safety of their crews and homeowners.

Atkins Deck has a retail store at 10 Trinity Drive, just off Route 23, where DIY homeowners can purchase everything they need to complete their own deck staining or cleaning project. They even have several finished decks on display so customers can see the semi-transparent stains on real wood. For homeowners who want to leave the job to the professionals, Atkins Deck offers free consultations and estimates. Call 717-656-8928. Hours are 9 a.m. to 5 p.m. Monday through Friday. For more information, visit atkinsdeck.com or facebook.com/AtkinsDeck.

Waking up happy every morning isn’t a reality for everyone. Fortunately for Lancaster County residents, Gardner’s Mattress & More has been making sweet dreams a reality since 1990, and they’ve once again been voted Lancaster County’s favorite mattress store for a record eleventh straight year!

Owners Ben McClure and Jeff Giagnocavo have revolutionized mattress shopping into an educational and rewarding experience, and their hard-working team carries out their better sleep mission with every customer that comes through the door.

While the products at Gardner’s are second to none, it’s their promise to find happy wake-ups for every customer that sets them apart. The process starts with free educational mattress-buying guides and continues upon showroom visit with a complimentary sleep assessment and no-pressure shopping environment.

And get this – you can try a mattress before you buy one in Gardner’s Dream Room. Every purchase is backed by their no-hassle 120 Night Wake Up Happy Comfort Guarantee. They even follow up after delivery to make sure you’re 100 percent satisfied.

Gardner’s has specific expertise solving sleep issues like snoring, reflux and lower back pain with their vast selection of adjustable bed bases that allow users to adjust their sleep position.

Their Gardner’s Gives Back charity initiative gives back to the Lancaster community by hosting a perpetual food drive in which they collect food items on an ongoing basis from participating customers and make monthly food and monetary donations to area food banks.

In 1954, the late George Grove Sr. started what was later to become George J. Grove & Son Inc. He was one of the county’s leading installers, offering customers a complete line of home improvement services. The Manheim Pike business started out in George Sr.’s home with one pick-up and George Sr. as the sole proprietor and only employee.

George J. Grove Jr. entered the business at a very early age, assisting his father and grandfather, Cleon Grove Sr., with installations. The business moved from George Sr.’s home to a shop on Cabbage Hill. In 1973, the business incorporated, and then moved to their current location at 1219 Manheim Pike.

In keeping with family tradition, George J. Grove III also entered the business at a very early age, bringing with him the same passion and attitude his grandfather had when he started. The Groves have built their business on a firm belief in a quality product and installation, professionalism, integrity and fairness in their relationships with their customers.

As president and vice president respectively, George J. Grove Jr. and George J. Grove III currently employ a team of 18. The company strives to establish lasting relationships with their customers by exceeding their expectations and gaining their trust through fair prices and exceptional customer service. They have been loyal members of the community for over 57 years.

Their services include replacement windows and doors, roofing, premium vinyl and fiber cement siding, spouting, gutter protection systems and patio enclosures. They also carry skylights, railing, decks, retractable fabric and metal awnings, and shutters. All come with an extended manufacturer’s warranty and are installed by their quality trained professionals.

Customers are welcome to visit their showroom at 1219 Manheim Pike or inquire about a free in-home estimate by calling 717-393-0859 or 1-800-498-0859 or visiting www.georgejgrove.com. Business hours are Monday through Friday, 8 a.m. to 6 p.m., and Saturday 8 a.m. to 1 p.m.

After fifty years of supporting builders, remodelers, and homeowners GR Mitchell shows no signs of slowing. And in an industry ripe with big box and chain competitors, GR Mitchell has held on to its small-town values and service, while growing their business.

With their True Value insignia highly visible from a major route just south of Lancaster city, GR Mitchell is best-known in many circles for their retail hardware store. With a recently completed 5,000² ft store expansion, their efforts to offer handymen, DIY’ers, gardeners and even grilling enthusiasts supplies they need to get the job done are paying off. And if +50k stocked items aren’t enough, in-store pick-up of TrueValue.com purchases expands their aisles beyond what you’ll see in Willow Street.

But when you talk about GR Mitchell, building materials should come to mind. With their roots firmly in the lumber industry, GR Mitchell’s supply business drives their day-to-day operations. Their staff services projects of any size: from new home builders needing full truckloads of material to novice DIY’ers looking for advice. And a completely redesigned showroom provides an easy and inviting way to browse through trim, door, window, cabinetry, and countertop options.

Stop by their Willow Street campus or call 717-464-2999 for help starting your next repair or remodel project.

Thank you to the readers of LNP for again voting us #1 in a host of categories! Tomlinson Bomberger has been meeting Lancaster County’s residential and commercial lawn care, landscape, tree care, and pest control needs for many years. Since 1981, we’ve been trusted by residents of this community.

Over 120 coworkers offer a wide spectrum of services to meet the needs at every property. Whether it’s lawn fertilization and weed control, tree and shrub treatments, professional tree pruning and removal, planting, hardscaping, structural pest control, termite treatments, or tick and mosquito control, Tomlinson Bomberger sets the bar for professionalism and excellence.

Recently, the Spotted Lanternfly has become a concern for many clients. This invasive pest is damaging trees across eastern Lancaster County, and has started moving closer to Lancaster City. They secrete a sticky, syrup-like substance when feeding called “honeydew.” They also feed in massive swarms and this fact, paired with the honeydew, makes them pretty gross to say the least.

We’ve become the go-to experts for your questions about the Spotted Lanternfly. We’ve been working with experts from Penn State and the USDA to ensure that we’re offering clients the most up-to-date information and management practices.

Call our office at 717-399-1991 or check out our blog at www.mytombom.com for more information about Spotted Lanternfly, as well as all of our services. We’ll turn pretty gross into pretty much gone.

Since 2004, Greenawalt Roofing has been known throughout Lancaster and the surrounding counties for exceptional residential/commercial roofing and full exterior services. From roofs and gutters, to siding, windows, and doors, they’re a one-call solution for all reliable and high-quality exterior services.

To put it lightly, 2020 has been an irregular year. From a business standpoint, COVID-19 has had a profound impact on many industries throughout the US; however, roofing and home improvement contractors have been (by comparison) quite fortunate so far. The team at Greenawalt has had to adapt and make adjustments to how they do business, but the roofing industry as a whole has really pulled together to ensure they’ve been able to continue putting out quality work safely and keeping customers satisfied. From office staff to workers on job sites, Greenawalt has pivoted in ways that they never knew they’d need to and feel they have come out a stronger and more versatile company.

Despite the new challenges that present themselves every day, the Lancaster-based roofing company is grateful and thrilled to be where they currently are and what they’ve been able to achieve so far in 2020.

In addition to being voted LNP Reader’s Choice #1 Favorite Roofer for the fifth consecutive year, Greenawalt was recently named a 2020 Top 100 US Roofer by Roofing Contractor magazine, and was ranked #796 on Inc. 5000 list of the nation’s fastest-growing private companies.

Their service area extends outside of Lancaster, into neighboring counties of Berks, York, Dauphin, Lebanon, and Montgomery, and earlier this year, they added Pittsburgh and the surrounding areas to the list.

For more information, visit www.greenawaltroofing.com or facebook.com/GreenawaltRoofing.

GREENAWALT CONTINUES ITS SOLID REPUTATION AS A 5-STAR SELECT SHINGLEMASTER™ WITH INTERNATIONAL BUILDING MATERIALS MANUFACTURER, CERTAINTEED.
We had the best experience with Greenawalt. Everyone was so helpful and professional. From the initial assessments, to the roof being completed, they went above and beyond! I definitely recommend this company. Our roof looks amazing! Thank you!”

At Encore Dance Center, our motto is “It’s More Than Just Dance, It’s Family,” and this year especially, we realized just how strong our dance family is.

As everyone’s lives were turned upside down, we worked hard to make sure our dancers felt a sense of normalcy by holding Zoom classes while quarantined. Our Encore staff taught approximately 20 dance classes a week from their homes to students of all ages. We knew it was necessary to give our students a creative, physical and emotional outlet during this challenging and confusing time. Among our students were nine high school seniors who had worked for years toward having their senior year moment. These seniors missed out on so many of their big “senior moments” and seeing our seniors and dancers every week motivated Alvina, owner and artistic director, to safely produce an end-of-year production for our students, in accordance with CDC guidelines.

Fortunately, we were able to hold two show weekends at our studio as well as at Lancaster Catholic High School’s football stadium. All of our students had the opportunity to perform the dances they worked so hard on throughout the year, and our seniors performed as Encore students one last time. It was worth everything to see our students smiling and doing what they love again!

This year is one we will remember forever, and we are so grateful to have been able to create positive memories with our dance family!

Scoops Ice Cream and Grille and Boulders Miniature Golf have been fixtures in Mountville for years, but they now have the same owners. Jason Risner and Gabby Petrina, owners of Scoops since 2010, purchased the Boulders mini golf course this year.

Boulders features 19 holes that wind through boulders, cascading waterfalls, and foot bridges that cross over streams and ponds. After working up an appetite on the golf course, players can head next door to Scoops for lunch, dinner or their signature cool treats.

Scoops carries 24 flavors of hand-dipped ice cream, soft serve and water ice. Their selection of Turkey Hill ice cream includes exclusive dip-shop flavors straight from the dairy that you won’t find in stores, like cotton candy, butter brickle and strawberry cheesecake. Try any of the flavors in one of Scoops’ Colossal Signature Sundaes or homemade waffle cones.

They also offer a casual dining menu featuring American fare such as cheesesteaks, Angus burgers and wraps, with weekly smoked specials like smoked brisket, smoked pork carnita tacos and lollipop chicken wings.

Scoops also has three food trucks to cater any type of event.

Scoops hours are 11 a.m. to 9 p.m.

Boulders is open 10:30 a.m. to 9 p.m.

The course offers weekday specials before 5 p.m. Monday through Thursday and a half-price Play Again Special for those who want to play a second round of golf. They also have group rates that are perfect for corporate outings, team building, retreats, birthday parties and sports teams.

Fall Issue
October 1, 2020
Due to the recent pandemic, many of our Campus Eye Center patients—both kids and adults—have experienced a huge increase in screen time that is likely to continue for the rest of 2020. With schools moving to remote learning and many adults working from home, everyone has been spending more time on their computers, iPads, and even mobile phones.

This increase in so-called “near work” activities has been perhaps most unnatural for children, who typically attend school in person for at least part of each day and are not always in front of a screen during those hours. This increase in screen use has created a lot of worry among parents, which is not entirely unfounded. Our own Dr. Andrews explains why. She also reminds Lancaster County parents that friendly and knowledgeable help for eye health and vision concerns is always nearby at Campus Eye Center!

There is no doubt that most computer users experience digital eyestrain. And kids are no different from adults when it comes to digital eyestrain. They can experience dry eye, headaches, and blurry vision, too. While symptoms are typically temporary, they may be frequent and persistent.

Because we don’t tend to blink as often while using computers and other digital devices, it means all of us—kids and adults alike—need to take more frequent breaks from near work activities to avoid eyestrain.

Ophthalmologists recommend taking a 20-second break from near-sighted work every 20 minutes, and kids may need help from adults to remember to take these breaks.

If your child is having a hard time focusing or complaining of headaches and eyestrain, have them evaluated sooner rather than later.

Start the school year right with an eye exam! Whether your child is heading back to campus for in-person learning or plans to complete lessons virtually this fall semester, now is the time to ensure they are seeing well.

Contact us today and schedule a back-to-school eye exam for your student: (717) 544-3900.

Dr. Steven Falowski MD has been newly elected to the board of directors of the International Neuromodulation Society (INS). This is the largest society in the world for neuromodulation which includes spinal cord stimulation and deep brain stimulation.

Dr. Falowski has worked for many years advancing through the leadership track of the North American Neuromodulation Society (NANS), which is its largest chapter. He has now been recognized by physicians and colleagues around the world through his nomination and approval.

Dr. Falowski has worked in creating education platforms through these societies for physicians for the proper implantation of these devices and care of patients. He implemented and directed the largest courses in the world for these therapies, as well as contributed yearly to the guidelines that govern its practices by physicians across the globe. A board of director position only opens up once every three years on the INS, and is largely reserved for those outside the US. It is a great honor to be awarded this by his international peers. He will work in the capacity of continuing education for physicians, writing guidelines for proper implementation, and standing as a liaison between the United States Physicians of NANS and the international society.

For Dr. Jack Smith, a childhood passion for helping others eventually transitioned into a career in the medical field, specifically pain management – and now, into joining the expert team of experienced neurosurgeons at Argires Marotti Neurosurgical Associates of Lancaster, located at 160 North Pointe Blvd., Suite 200.

“I’m very excited to come to the practice, partner with this group of expert physicians and help our patients improve the quality of their daily lives through innovative pain management techniques,” he commented.

Growing up, Dr. Smith said he was always interested in medicine because it is a “caring field.”

“I always wanted to be able to help other people, which started my interest in medicine. I eventually decided to go into pain management, specifically, because I had many family members who dealt with chronic pain, and I saw first-hand the challenges of living with pain daily – it steals the joy from simple things like holding hands or hugging a loved one,” said Dr. Smith.

Dr. Smith attended Temple University School of Medicine and completed his residency and fellowship at Virginia Commonwealth University Hospital. Much of his focus is on non-invasive, interventional pain management, such as with peripheral joint and epidural steroid injections, and regenerative medicine.

“Regenerative medicine is a unique focus in which a patient uses their own body’s healing ability,” he explained. "For example, we use platelet-rich plasma (PRP) injections, which are a concentration of a patient’s own platelets, to accelerate the healing of injured tendons, ligaments, muscles and joints. This is a great option for patients who have arthritis, or tendon, joint or muscle pain.”

For Dr. Smith, considering each patient on an individual level and creating a customized plan of care is key to his patient philosophy. “My approach is: listen to the patient first, and then consider all options, keeping in mind the final goal of them living happier, more fulfilled lives,” he said.

At Argires Marotti Neurological Associates of Lancaster, skilled neurosurgeons strive to provide each patient with comprehensive evaluation and medical management services in order to create a personalized treatment approach. Argires Marotti offers both surgical and non-surgical pain management treatments and physical therapy for relief from chronic joint, neck and back pain, including ground breaking techniques involving spinal cord stimulation.

To reach Dr. Smith, or for more information on Argires Marotti Neurological Associates of Lancaster, visit their website at https://www.argiresmarotti.com or call (717) 358-0800.

Gochenauer Kennels has been voted a favorite by the readers of LNP for 19 years in a row.

The recognition is a testament to their five decades of providing the highest quality care for pets.

Established in 1971 by Bud and Pat Gochenauer, Gochenauer Kennels is a family-owned and operated kennel built on a love of animals and a strong work ethic.

The business is now run by their son, Jody, who says a love of animals has always been the driving force.

The Gochenauer family and their employees provide doggie day care, long- and short-term boarding of cats and dogs, and dog grooming services. They recently added off-leash play, exercise and play packages.

From the beginning, the Gochenauers offered boarding, grooming and pet supplies.

Day care was added about 10 years ago, but the business is largely the same as it was 49 years ago.

Boarding facilities offer individual kennel runs with climate-controlled living quarters. Meals, snacks and a veterinarian-approved exercise plan are included.

Gochenauer’s selection of retail pet supplies includes Lupine collars and leashes, Kong toys, TropiClean shampoo, Taste of the Wild and Natural Way dog food, Red Barn Natural Bones, Nylabone bones and Slumber pet beds.

Hours are 8 a.m. to 6 p.m. Monday through Friday, 8 a.m. to noon Saturday, and 4 to 6 p.m. Sunday.

The Gochenauers and their staff are honored to be recognized by LNP’s readers, but it’s the honor of caring for their customers’ pets that means even more.

Dogs are more than just our best friends; they’re part of the family. But for those times when they can’t be with family, there’s Playful Pups Retreat.

Founded in 2010 by owner Laurie Yost, Playful Pups Retreat is a premier pet resort, now with two Elizabethtown locations that offer a host of services, from training and socialization to daycare and overnight accommodations.

Whether you’re away for the day, on an extended vacation, or simply in need of obedience training and grooming services, the staff at Playful Pups Retreat provides a healthy, fun and nurturing environment for your dog.

The original Milton Grove Road location is a canine utopia on 19 beautiful acres. It offers upscale, climate-controlled overnight lodging with a variety of accommodations, including Petite Pooch Rooms, Junior Suites, Standard Suites and Luxury Suites that can easily host multi-dog families. Guest rooms are entirely indoors, which means dogs get plenty of love and attention during potty trips and activity sessions, instead of spending time alone. A variety of fun activity packages are also available to provide additional mental and physical stimulation. The Milton Grove Road location also offers bathing services and poochie pedicures.

In May, Playful Pups Retreat opened its newest location, on Hershey Road, where it offers traditional doggie daycare, canine enrichment club daycare and puppy social skills daycare, along with bathing services, dayboarding and a variety of training classes.

Playful Pups Retreat employs a staff of 38 highly trained adults who are dedicated to the care of dogs and treat every dog like their own.

In addition to its services, Playful Pups Retreat also carries a variety of high-quality, brand-name pet products made in the USA, including collars and leashes, treats, toys, bones, holistic flea and tick treatments, CBD oil and more.

Hours at the Milton Grove Road location are 7 a.m. to 7 p.m. Monday through Friday, 8 a.m. to 5 p.m. Saturday and noon to 5 p.m. Sunday.

The Hershey Road location is open 6:30 a.m. to 7 p.m. Monday through Friday, with special events Saturday and Sunday.

Owners lodging their dogs for an overnight stay of four nights or more can take advantage of the current promotion: Buy three activity packages and get one free.

For more information, visit playfulpupsretreat.com, facebook.com/PlayfulPupsRetreat (Milton Grove Road) or facebook.com/playfulPupsRetreatDayCareTraining (Hershey Road).
