New LHS and DeAtley Center
Neu Communique

As I visit with individuals and groups in our community, two questions are frequently asked. First, “Are we on schedule with the construction of the new Lewiston High School and A. Neil DeAtley Career Technical Center?” Secondly, “When will the District be having tours of the new high school?” The answer to the first question is “yes,” the progress of the construction of the new high school? The gym floor is being installed now with bleachers being delivered in the next couple of weeks. Will there be tours for the public? Absolutely, we look forward to welcoming our community, our other children. District’s inability to enroll your kindergarten child in the same school year will be an exciting time for our students, community, and school district, as the new high school, to tour the new facilities. Are we in our community, two individuals and groups in our community. Those names are listed below:

Two Lewiston School District educators were recently recognized and honored through Idaho professional organizations, as listed below:

- Toni Dufour-Harrich received the 2020 Idaho Region II Middle Level Teacher of the Year award from the Idaho Middle Level Association. Ms. Dufour-Harrich teaches English at Jenifer Junior High School.
- Brian Thompson received the 2020 Idaho Young Music Educator of the Year award from the Idaho Music Educators Association. Mr. Burns teaches Band and Music at Lewiston High School.
