

Around-the-clock call and referral center for behavioral health services

*Just like the **SUNRISE**,
HAWAI'I CARES will always be there.*

At times, we all need reassurance that there are resources, support, and people to turn to. The **Hawai'i CARES Program** provides around-the-clock behavioral health services including substance abuse treatment, mental health resources, and crisis support.

Hawai'i CARES is here. We are listening to you.
