United in Faith and Community

# Catholic Schools Week

Jan. 25 - 31, 2026

**Catholic Schools: Faith, Service, Excellence.**

Since 1962, Sacred Heart School has provided Catholic education to thousands of families in Maquoketa and the surrounding areas. Technology, curricular advancements, the addition of Preschool and Kindergarten, and the inclusion of all faiths have made Sacred Heart what it is today.

## FAITH

Sacred Heart School is unique in that it includes families of a variety of faiths, but our overarching beliefs are the same: God is faithful and loving, we must strive to be better people, and some day we will all meet our loved ones in heaven.

## SERVICE

The staff and students at Sacred Heart School know that true joy comes from serving others. Whether we're visiting and helping the elderly, making gifts for others or collecting items for those in need, we try to live out Jesus' example.

## EXCELLENCE

Our quest for excellence is continuous. A school counselor and academic support teachers, as well as Fr. Ben, teachers and staff members, work together to develop all aspects of every child.
