

Hospice Care that Provides Comfort, Preserves Dignity, and Respects Your Priorities.

The Care You Trust

PLEASE VOICE YOUR SUPPORT FOR FOUR SEASONS HOSPICE'S CERTIFICATE OF NEED APPLICATION SO THAT WE MAY PROVIDE OUR FULL RANGE OF SERVICES TO MCDOWELL COUNTY

Visit fourseasons.org/mcdowell-support or scan the QR code

Four Seasons has been successfully providing hospice services in western North Carolina since 1979 and while we currently provide hospice care in McDowell County, we do not have a Certificate of Need (CON) in McDowell County which would allow Four Seasons to have an office there, and enhance access to hospice services as well as expand our ability to provide caregiver support, grief services, and palliative care.

Why Choose Four Seasons Hospice?

Four Seasons is an Accredited, Experienced, and Trusted Hospice Organization

Four Seasons Hospice was the first hospice in the NC mountains, established in 1979 and accredited by the Joint Commission. Our medical providers are highly trained to provide this specialized care, and because we are a nonprofit, we invest in our staff so that their focus is on spending more time with patients and families. Experience and integrity guide us to provide trusted care.

We Respect Your Goals, Providing Care Wherever You Call Home

We understand that the majority of our patients want to receive care at home, so they can stay with their family and focus on living. Four Seasons Hospice provides care wherever you call home through regular visits made by our highly trained care team, and are available if needed 24/7. We prioritize your goals for comfort, clarity, and how you want to live your life, so care is on your terms. If needed, Four Seasons may also provide respite or inpatient care at Elizabeth House, or one of our contracted facilities closer to your home.

We Are Your Neighbors and Live in Your Area

Our medical providers, nurses, hospice aides, and other members of your care team live in your community and find great purpose in their work because they are members of your community. We prioritize our staff and their wellbeing which contributes to our care teams working together for a long time making sure your care is provided consistently by the same people. Our staff participates in a survey with Modern Healthcare that named us one of the top 25 Best Places to Work for 3 consecutive years.

We Honor Veterans in Hospice Care

Four Seasons is a level 4 member of We Honor Veterans, a program designed to provide understanding about the special needs of veterans in hospice care, and offers a program that recognizes their service with pinning ceremonies.

Our Values include Compassion, Integrity, Humility, Excellence, and Respect

Because our Hospice was started here in WNC, our roots are deep and our commitment to our community includes values that we know you prioritize. We start with compassion, providing comfort, dignity, and respect for the patient and family. We are transparent about our care, and if there is an opportunity to learn, we use our value of humility so that we can continue to provide excellent care. Our excellence is reflected in our high patient satisfaction scores, which resulted in Four Seasons being awarded Hospice Honors.
