Subject: Resolution on CRT

Non-NU Email

Your resolution before the board of regents is flat out wrong. It's based on a lack of understanding and only serves to politicize the higher education system in Nebraska. I urge you to withdraw your resolution and open up dialogue with the academicians who teach said materials rather than closed-mindedly believe they hate America or are trying to stifle learning.

Thank you,

D. Ryan McCann, MS. LMHP. NCC.
