Subject: UNL Board of Regent's resolution regarding CRT

Non-NU Email

Mr. Schafer - As the elected official on the Board of Regents from District 5, I am writing to encourage you to publicly oppose UNL Board of Regents' critical race theory resolution.

It directly contradicts goals that the president of the university himself has set forth with regards to commitment to diversity and should not be supported by the Board of Regents.

As someone who works in higher education, I can assure you that the Board of Trustees at my institution would not put forth a resolution like this. My husband is a member of the Navajo Nation and this resolution shows a great deal of disrespect to his lived experiences as well as the lived experiences of his ancestors.....Livestock reduction programs, forced boarding school, and the assimilation of an entire generation of Native American people demonstrates the truth about systematic racism in this country.

Please consider standing up against this resolution as a true supporter of public education.
Thank you for your time.
