

New faces, same exceptional service

Jon, Greg, and Kim Mertz, co-owners of Len's Auto Repair

For the past half-century, **Len's Auto Repair** has built a reputation of reliability and friendliness in the automotive repair industry. Its dedication to top-notch repair and maintenance services remains constant, even as some things change.

Co-owners Kim and Jon Mertz, have decided to enter semi-retirement. Though they won't be in the shop as often, they'll remain a vital resource for the team.

"We understand that change can be challenging for both our valued customers and our team members," said Greg Mertz,

who remains co-owner of the shop. "It's not always easy to see new faces in the shop, but we truly appreciate your patience and willingness to build new relationships with our dedicated staff."

That staff includes Marit Mertz as chief operating officer, Michael Norris as director of operations and Paul Sexauer, who serves as general manager. Along with Greg, Marit, Michael and Paul will oversee the daily operations of Len's Auto Repair, ensuring smooth service and continuous improvement.

At all three locations, Jon, Kim and Greg have stepped in to train both new and current service advisors – bringing them a wealth of industry knowledge and real-world experience that continues to elevate the company's front-end operations. Together, they are committed to providing top-notch service and expert advice.

Mike Warden has stepped into the role of lead diagnostic technician, succeeding Kim. Mike will assist at all three locations with his diagnostic expertise.

"To our existing customers, we'd like to thank you for your continued trust and support," Greg said. "To those looking for a mechanic to trust, come by and see us in Overland, Cottleville or O'Fallon!"

Cottleville: (636) 441-2330

O'Fallon: (636) 474-1710

Overland: (314) 427-2330
