

NEW PERSPECTIVE SENIOR LIVING

A new caring community is welcoming seniors this summer

New Perspective • 400 Siedentop Rd • Weldon Spring • 636.229.1311

There is a fresh approach in senior living coming to St. Charles County.

New Perspective Senior Living will open a brand-new senior community in Weldon Spring this summer and opportunities to reserve a beautiful apartment space for you or a loved one are now available.

"We are looking forward to the opening of our first location in the St. Louis area," said New Perspective Co-CEO Ryan Novaczyk. "When my family started the company, we set out to create a place where seniors can thrive in their golden years. Since the start, we've become known for exceptional, award-winning senior care."

The community will offer senior living options that include independent living, assisted living and memory care. Private and companion apartments are available.

Additionally, New Perspective will feature a host of exciting amenities such as multiple dining venues including a cafe and a pub, a chef inspired menu in the dining room, a state-of-the-art fitness center for daily exercise, a calendar of engaging activities, musical entertainment and speakers, salon services, transportation for community outings and worship services.

Most importantly, New Perspective will feature a warm and welcoming, caring staff.

"We know residents and their families will appreciate the appearance and functionality of the building, but it's our team of people who will make a lasting impact," said New Perspective Co-CEO Chris Hyatt.

"I am proud of the fact that, as a company, we consistently receive 9.5 out of 10 stars on resident satisfaction reviews for the friendliness and helpfulness of our team," Hyatt said.

New Perspective also supports whole-person well-being at every care level, from independent living to assisted living to memory care.

That means seniors are encouraged to stay physically fit and active with access to exercise classes and activities that keep them moving. The community also offers physical therapy and occupational therapy on-site through their preferred partner FOX Rehabilitation.

In addition, good nutrition is easy with delicious made-from-scratch meals. The chef-designed meals are prepared daily with fresh ingredients for a farm-to-table experience.

Team members at New Perspective also know how important social interaction is for keeping seniors engaged and fulfilled in life. Research shows that being part of a vibrant community enriches all our lives and can help slow the aging process. New Perspective's life engagement team makes it easy to get involved. Seniors choose what interests them. They can join a club, participate in an art class, gather with friends for a game of bridge, listen to a guest speaker and enjoy movie nights, music, happy hours and more.

What began as a simple mission by founders Todd and Sherry Novaczyk – to find the very best senior living experience for Sherry's mother, Betty, has grown into something a lot bigger – a company committed to making a difference in the lives of their residents.

The leasing office for New Perspective's newest senior living community is now open. Located at 6020 Weldon Spring Parkway, the office is just a half-mile from the new community. Stop in; say hello and find out more about New Perspective Senior Living. Hours are Monday through Friday from 9 a.m. to 6 p.m. Additionally, appointments are available outside regular hours and on weekends. To schedule an appointment, call 636-229-1311.
