Electrical Services

From new home wiring to large remodeling projects to light fixture installation, ***Fielder Electrical Services, Inc.*** can do it all. The family-owned company has been serving St. Louis homeowners and businesses for nearly 40 years! Its reputation reflects its proficiency in wiring homes “the right way, the best way, the Fielder way.” The majority of its skilled electricians have been with the company for decades, working under the direction of a master electrician. Nothing is subcontracted to other parties. Safe and efficient electricity is crucial to modern lighting, security and transportation – yes, Fielder installs EV charging stations. For your home or business, call Fielder and discover your one-stop for all your electrical needs!
