

## ***Inside-out knowledge of carpentry***

While some services fade in and out over time, the need for masterful carpentry and fine craftsmanship has continued to stand the test of time. When looking for a skilled craftsman to take on any woodworking or carpentry needs, look no further than Joe Overman, founder

### **of Affordable Carpentry.**

With 20 years of experience, Joe provides a wide array of carpentry, all with a low overhead cost. Joe specializes in many interior and exterior jobs, including the installation of trim, framing, crown molding, chair rail, wainscoting and more. Joe can also do projects like stairs and doors, in addition to taking on multi-step builds like bookshelves. Inside or out, Joe treats every carpentry job as if it is a project in his own home.

"I have skills with wood working and I enjoy it," Joe said. "I have great satisfaction seeing my customers' faces when the job is completed."

Joe also ensures that each job is completed with integrity while on the job and behind-the-scenes.

"I care about my customers and their needs; I will try to help them by offering suggestions, but in the

end it is their decision," Joe said. "I do my job with the highest quality and standards."

Joe can also do installation jobs for items like kitchen cabinets and other built-in structures. He's even built custom decks for multiple clients.

"Those are really the kind of projects that you want someone with a lot of experience on," Joe said.

Services are available from 7 a.m. to 7 p.m. daily, so don't hesitate to call Joe today! Free estimates are offered.
