

People-pleasing pizza with great customer service

Rex and Kathryn Hoover, owners

in for the full Monical's experience. The well-appointed dining room includes ample space for families as well as cozy booths for couples. Customers can choose from Monical's famous thin crust pizza, its trademarked triangular pizza known as The Point, pasta, salads and sandwiches – and for dessert, cinnamon-laden, icing-topped Monkey Bread hot from the oven.

"There's a good reason why we've been voted the 'best pizza in St. Louis.' It's our dough, which is made fresh in-house every day. Unlike most pizza dough, our recipe contains yeast, which gives it a depth of flavor and its signature crispness," Rex explained. "We also use the freshest, highest quality ingredients – from sauce to cheese to toppings. Plus, with our Family Pleaser meal deal, a family of four can enjoy a pizza or pasta along with a family-sized garden salad and soft drinks. And we have Pleaser Combos for individuals and duos, too."

Stop by soon and experience why Monical's is worth the drive.

"People often travel long distances just to eat here, and that means so much to us!" exclaimed Rex Hoover, who owns **Monical's Pizza** in O'Fallon with his wife, Kathryn. "We truly appreciate our guests and the support they give us."

In return, Rex and Kathryn offer their customers "people-pleasing pizza" and exceptional customer service.

"That's important to us," Rex explained. "We want our customers to feel taken care of from the moment they walk in. Our corporate motto is 'The Family Pleaser ... People Pleasing People.' Our entire staff takes that message to heart."

Entering the restaurant, customers can pick up to-go orders, purchase oven-ready pizzas, or dine
